Bell, Jennifer Forbes, 1971      **Harvard Style Guide**, 2010      *Humor in Eighteenth-and Nineteenth-Century British Literature* Don Lee Fred Nilsen, 1998-05-30 During the 18th and 19th centuries in Britain there was a wide range of literary humor Much of this humor was satiric ranging from the sharp barbs of Pope and Swift to the more subtle but stinging wordplay of Addison In the 18th century Richardson Fielding Smollett and Sterne wrote humorous novels in which they criticized society The period was largely dominated by satire in which the dunce was a common figure There was a proliferation of satires in prose and verse along with satiric operas pamphlets and other writings During the 19th century writers such as Dickens Thackeray Eliot and Carlyle continued to use humor to comment on the issues of their day though their writings were often far more gentle than those of their predecessors This reference book is a comprehensive guide to how British writers of the 18th and 19th centuries used humor in their works An introductory chapter overviews humor in British literature of the era The sections that follow then treat humor in British literature of the 18th century and of the early middle and later 19th century Each of these sections includes a short introduction followed by chronologically arranged profiles of various authors Each profile discusses how the author used humor and includes extensive bibliographic information A thorough index allows the reader to access information alphabetically while the chronological arrangement of the profiles shows how humor in British literature evolved over time      **Reference Guide to English Literature** D. Silence that Gives Light understands confidence in the idea of God to rest largely on three claims The first is that God is responsible in some quite fundamental way for the existence of the universe for the fact that there is anything at all The second is that God s own existence and essential goodness are not vitiated by the presence of evil in the world And the third is that God knows we are here and shares fully somehow in the joys and pains of transient life Peter Hooton considers these claims on the whole sympathetically He prefers to traditional Christian views of God s omnipotence a more nuanced understanding of God s power and draws on a rich plurality of voices to describe God as much more loving than wrathful as persuasive rather than coercive as more passible than impassible and the Christian s relationship with God as essentially a compassionate participation in the reality signified by the crucified and risen Christ      *Guide to Reference Material:*
