has measured correctly We can get a high percentage of these problems easily 2 When studying on a computer there are too many websites with the answers With a book parents can have greater assurance the work is being done This book is developed by a trained professional out of concern It is not the product of a large publishing house It is the results of one person who wants to help Best Regards Mark Shannon

The Collective Spirit of Aging Across Cultures Halaevalu F. Ofahengaue Vakalahi, Gaynell M. Simpson, Nancy Giunta, 2014-01-28 The collective inclusive and intersectional framework used in this book speaks to the significance of understanding aging across diverse cultures from multiple perspectives but still as a shared human experience The underlying message of the book is that although we are unique and different in our aging processes we are ultimately connected through this physical mental and spiritual experience of aging Thus regardless of whether we are service providers service recipients educators or merely fellow human beings it is important that we approach the aging experience through a collective lens for discovering and sharing resources as we age honoring the past while simultaneously accepting that the future is here A few select examples of key findings from this collaborative work are as follows First despite progress in the field certain issues remain to be addressed including the challenges of racism and sexism mistreatment the digital divide poverty and other social and economic crises in urban and rural communities as they relate to our aging population Second the need for sustaining a sense of independence among the aged and interdependence among supportive systems is warranted Third our elders continue to benefit from culturally competent services community based health interventions and social services that addresses normative and emerging challenges for them Fourth spirituality in both indigenous and contemporary perspectives remains important for our elders development and quality of life
