

A person in a dark coat stands on a sandy beach, looking out at the ocean during sunset. The sun is a bright orange orb on the horizon, casting a long, shimmering reflection on the wet sand. The person's silhouette is dark against the lighter background of the beach and sky. The overall mood is contemplative and serene.

Obsessed English Edition:

Obsession Lennard J. Davis, 2009-05-15 We live in an age of obsession Not only are we hopelessly devoted to our work strangely addicted to our favorite television shows and desperately impassioned about our cars we admire obsession in others we demand that lovers be infatuated with one another in films we respond to the passion of single minded musicians we cheer on driven athletes To be obsessive is to be American to be obsessive is to be modern But obsession is not only a phenomenon of modern existence it is a medical category both a pathology and a goal Behind this paradox lies a fascinating history which Lennard J Davis tells in *Obsession* Beginning with the roots of the disease in demonic possession and its secular successors Davis traces the evolution of obsessive behavior from a social and religious fact of life into a medical and psychiatric problem From obsessive aspects of professional specialization to obsessive compulsive disorder and nymphomania no variety of obsession eludes Davis's graceful analysis

The Sex Obsession Janet R. Jakobsen, 2023-04-11 The *Sex Obsession* connects perversity and possibility in American politics

An American Obsession Jennifer Terry, 2010-12-15 Drawing on original research from medical texts psychiatric case histories pioneering statistical surveys first person accounts legal cases sensationalist journalism and legislative debates Jennifer Terry has written a nuanced and textured history of how the century old obsession with homosexuality is deeply tied to changing American anxieties about social and sexual order in the modern age Terry's overarching argument is compelling that homosexuality served as a marker of the abnormal against which malleable tenuous and often contradictory concepts of the normal were defined One of the few histories to take into consideration homosexuality in both women and men Terry's work also stands out in its refusal to erase the agency of people classified as abnormal She documents the myriad ways that gays lesbians and other sexual minorities have coauthored resisted and transformed the most powerful and authoritative modern truths about sex Proposing this history as a useable past *An American Obsession* is an indispensable contribution to the study of American cultural history

Prime Obsession John Derbyshire, 2003-04-15 In August 1859 Bernhard Riemann a little known 32 year old mathematician presented a paper to the Berlin Academy titled On the Number of Prime Numbers Less Than a Given Quantity In the middle of that paper Riemann made an incidental remark a guess a hypothesis What he tossed out to the assembled mathematicians that day has proven to be almost cruelly compelling to countless scholars in the ensuing years Today after 150 years of careful research and exhaustive study the question remains Is the hypothesis true or false Riemann's basic inquiry the primary topic of his paper concerned a straightforward but nevertheless important matter of arithmetic defining a precise formula to track and identify the occurrence of prime numbers But it is that incidental remark the Riemann Hypothesis that is the truly astonishing legacy of his 1859 paper Because Riemann was able to see beyond the pattern of the primes to discern traces of something mysterious and mathematically elegant shrouded in the shadows subtle variations in the distribution of those prime numbers Brilliant for its clarity astounding for its potential consequences the Hypothesis took

on enormous importance in mathematics Indeed the successful solution to this puzzle would herald a revolution in prime number theory Proving or disproving it became the greatest challenge of the age It has become clear that the Riemann Hypothesis whose resolution seems to hang tantalizingly just beyond our grasp holds the key to a variety of scientific and mathematical investigations The making and breaking of modern codes which depend on the properties of the prime numbers have roots in the Hypothesis In a series of extraordinary developments during the 1970s it emerged that even the physics of the atomic nucleus is connected in ways not yet fully understood to this strange conundrum Hunting down the solution to the Riemann Hypothesis has become an obsession for many the veritable great white whale of mathematical research Yet despite determined efforts by generations of mathematicians the Riemann Hypothesis defies resolution Alternating passages of extraordinarily lucid mathematical exposition with chapters of elegantly composed biography and history Prime Obsession is a fascinating and fluent account of an epic mathematical mystery that continues to challenge and excite the world Posited a century and a half ago the Riemann Hypothesis is an intellectual feast for the cognoscenti and the curious alike Not just a story of numbers and calculations Prime Obsession is the engrossing tale of a relentless hunt for an elusive proof and those who have been consumed by it *Omoi-san's Overwhelming Obsession [Vol.1]* Toshitaka Yano,2025-08-15 Ryo Karuizawa falls in love with the beauty with brains Miton Omoi and after three years he finally confesses to her However despite getting the okay from her her feelings are a bit overwhelming Thus begins Volume 1 of an overwhelming romantic comedy *Faust* Haydar Zorlu,Ray Wilkins,2025-05-23 Faust is not everybodys cup of tea especially when it s in English Being bilingual I am able to enjoy Goethes works in the original German and be able to drink coffee and translate this poetic masterpiece into the English language which in itself was no easy feat When Haydar visited me in August 2017 he of course brought his Faust Manuscript with him and coerced me into playing Doctor Faust while he played Mephisto I was immediately pulled into the magic and insanity of Goethes work and since that day have been addicted I became obsessed with translating Haydars version of Faust into English and over the last 5 years sometimes wished that I was not But the obsession became a reality and here my dear readers is the finished work Ray Wilkins *A Rare Obsession* Sheldon Russell,2025-10-14 He thought he d hit rock bottom until he found a body Desperate for a job drowning in debt and heartbroken newly graduated Ethan Poser takes a custodial position at the Carnegie Library But when he chances upon the body of his predecessor in a nearby city park and is implicated in the murder Ethan s life takes a dangerous turn Associate librarian Anna Khole detects that the library s rare book collection worth millions had been pilfered for years and Ethan s ghastly discovery may be connected to the thefts As law enforcement investigates the murder Ethan finds himself drawn to the mysterious and intelligent Anna who may hold the key to solving the mystery But as their attraction grows so does the danger and one person s obsession could lead to a tragic end for them both Fans of thrilling mysteries will devour this page turning novel **Arctic Obsession** Alexis S. Troubetzkoy,2011-04-06 From early medieval times to the twenty first century

what is the beguiling draw of the north What manner of men boldly ventured into those hostile and unpredictable regions
 Todays Arctic is developing into tomorrows hotspot **The Beethoven Obsession** Brendan Ward,2013-08-01 The Beethoven Obsession tells the story of how the greatest piano music ever written acquired a unique Australian voice played on a revolutionary grand piano that shook up the conservative music establishment It is a fast paced drama of frustration envy rivalry struggle and success starring a self taught child prodigy who sold condoms and contraband to advance his studies a fanatical inventor who took apart pianos as a child to examine their gizzards and a TV cameraman who became a music entrepreneur to translate the music he loved into an Australian first Their unorthodox historic odyssey created multi award winning best selling albums and changed their lives forever **Ulrike Ottinger** Laurence A. Rickels,2008 Since 1974 German filmmaker Ulrike Ottinger has created a substantial body of films that explore a world of difference defined by the tension and transfer between settled and nomadic ways of life In many of her films including Exile Shanghai an experimental documentary about the Jews of Shanghai and Joan of Arc of Mongolia in which passengers on the Trans Siberian Express are abducted by Mongolian bandits she also probes the encounter with the other whether exotic or simply unpredictable In Ulrike Ottinger Laurence A Rickels offers a series of sensitive and original analyses of Ottinger s films as well as her more recent photographic artworks situated within a dazzling thought experiment centered on the history of art cinema through the turn of the twenty first century In addition to commemorating the death of a once vital art form this book also affirms Ottinger s defiantly optimistic turn toward the documentary film as a means of mediating present clashes between tradition and modernity between the local and the global Widely regarded as a singular and provocative talent Ottinger s conspicuous absence from critical discourse is for Rickels symptomatic of the art cinema s demise Incorporating interviews he conducted with Ottinger and illustrated with stunning examples from her photographic oeuvre this book takes up the challenges posed by Ottinger s filmography to interrogate ultimately the very practice and possibility of art cinema today Laurence A Rickels is professor of German and comparative literature at the University of California Santa Barbara and the author of several books including The Case of California The Vampire Lectures and the three volume Nazi Psychoanalysis all published by Minnesota He is a recognized art writer whose reflections on contemporary visual art appear regularly in numerous exhibition catalogues as well as in Artforum artUS and Flash Art *Contradiction Days* JoAnna Novak,2023-07-25 For readers of Rachel Cusk and Maggie Nelson the rapturous memoir of a soon to be mother whose obsession with the reclusive painter Agnes Martin threatens to upend her life Five months pregnant and struggling with a creative block JoAnna Novak becomes obsessed with the enigmatic abstract expressionist painter Agnes Martin She is drawn to the contradictions in Martin s life as well as her art the soft and exacting brushstrokes she employs for grid like compositions that are both rigid and dreamy But what most calls to JoAnna is Martin s dedication to her work in the face of paranoid schizophrenia Uneasy with the changes her pregnant body is undergoing JoAnna relapses into damaging old habits and thought patterns When she confides

in her doctor that she's struggling with depression and suicidal ideation he tells her she must stop being so selfish given she has a baby on the way and start taking antidepressants Appalled by his patronizing tone and disregard of her mental health history JoAnna instead turns to Martin for guidance adopting the artist's doctrine of joyful solitude and isolation JoAnna heads to Taos where Martin lived for decades and gives herself three weeks to model her hermetic existence phone off email off no talking to her husband no touching the dog Out of a deep solitary engagement with a remarkable artist's body of work emerges an entirely new way for JoAnna to relate to the contradictions of her own body and face up to the joys and challenges of impending motherhood

The Edwardians and the Making of a Modern Spanish Obsession Kirsty Hooper, 2020-05-14 What did the Edwardians know about Spain and what was that knowledge worth The Edwardians and the Making of a Modern Spanish Obsession draws on a vast store of largely unstudied primary source material to investigate Spain's place in the turn of the century British popular imagination Set against a background of unprecedented emotional economic and industrial investment in Spain the book traces the extraordinary transformation that took place in British knowledge about the country and its diverse regions languages and cultures between the tercentenary of the Spanish Armada in 1888 and the outbreak of World War I twenty six years later This empirically grounded cultural and material history reveals how for almost three decades Anglo Spanish connections their history and culture were more visible more colourfully represented and more enthusiastically discussed in Britain's newspapers concert halls council meetings and schoolrooms than ever before It shows how the expansion of education travel and publishing created unprecedented opportunities for ordinary British people not only to visit the country but to see the work of Spanish and Spanish inspired artists and performers in British galleries theatres and exhibitions It explores the work of novelists travel writers journalists scholars artists and performers to argue that the Edwardian knowledge of Spain was more extensive more complex and more diverse than we have imagined Obsession Yves Berger, 1978

Literature Stephanie Schwerter,Katrina Brannon,2022-07-22 In the field of Translation Studies no book length work in English has yet been dedicated to the translation and circulation of migration literature The authors of this volume seek to contribute to filling this gap through a detailed study of texts belonging to a variety of literary genres and engaging with the phenomenon of migration in different parts of the world Not only will the challenges met by translators be discussed but the different ways in which the translated texts travel from one cultural sphere to another will also be explored The focus lies on the themes migration and politics migration and society as well as the experience of migration in words music and images

Taking A Long Look Vivian Gornick,2021-03-16 For nearly fifty years Vivian Gornick s essays written with her characteristic clarity of perception and vibrant prose have explored feminism and writing literature and culture politics and personal experience Drawing writing from the course of her career Taking a Long Look illuminates one of the driving themes behind Gornick s work that the painful process of understanding one s self is what binds us to the larger world In these essays Gornick explores the lives and literature of Alfred Kazin Mary McCarthy Diana Trilling Philip Roth Joan Didion and Herman Melville the cultural impact of *Silent Spring* and *Uncle Tom s Cabin* and the characters you might only find in a New York barber shop or midtown bus terminal Even more *All That Is Given* brings back into print her incendiary essays first published in the *Village Voice* championing the emergence of the women s liberation movement of the 1970s Alternately crackling with urgency or lucid with insight the essays in *Taking a Long Look* demonstrate one of America s most beloved critics at her best

Shakespeare among the Moderns Richard L. Halpern,2018-09-05 Modernist writers critics and artists sparked a fresh and distinctive interpretation of Shakespeare s plays which has proved remarkably tenacious as Richard Halpern explains in this lively and provocative book The preoccupations of such high modernists as T S Eliot Wyndham Lewis and James Joyce set the tone for the critical reception of Shakespeare in the twentieth century Halpern contends their habits of thought continue to dominate postmodern schools of criticism that claim to have broken with the modernist legacy Halpern addresses such topics as imperialism and modernism s cult of the primitive the rise of mass culture modernist anti semitism and the aesthetic of the machine His discussion considers figures as diverse as Orson Welles and Arnold Schwarzenegger and Shakespeare critics including Northrop Frye Cleanth Brooks Stephen Greenblatt and Stanley Cavell Shakespeare s works have been subjected to a continuing process of historical reinterpretation in which every new era has imposed its own cultural and ideological presuppositions on the plays The most enduring contribution of modernism Halpern suggests has been the juxtaposition of an awareness of historical distance and a mapping of Shakespeare s plays onto the present Using modernist themes and approaches he constructs new readings of four Shakespeare plays **The English Cult of Literature** William R. McKelvy,2007 What constitutes reading This is the question William McKelvy asks in

The English Cult of Literature Is it a theory of interpretation or a physical activity a process determined by hermeneutic destiny or by paper ink hands and eyes McKelvy seeks to transform the nineteenth century field of Religion and Literature into Reading and Religion emphasizing both the material and the institutional contexts for each In doing so he hopes to recover the ways in which modern literary authority developed in dialogue with a politically reconfigured religious authority The received wisdom has been that England s literary tradition was modernity s most promising religion because the established forms of Christianity wounded in the Enlightenment inevitably gave up their hold on the imagination and on the political sphere Through a series of case studies and analysis of a diverse range of writing this work gives life to a very different story one that shows literature assuming a religious vocation in concert with an increasingly unencumbered freedom of religious confession and the making of a reading nation In the process the author shifts attention away from the idea of the literary critic in favor of considering the historic role of religious professionals in shaping and contesting the authority of print Indebted to recent findings of book history and newer historiographies at odds with conventional secularization theory this work makes an interdisciplinary contribution to revising the existing models for understanding change in Britain during the eighteenth and nineteenth centuries *Italian Literature since 1900 in English Translation 1929-2016* Robin Healey, 2019-03-07 Providing the most complete record possible of texts by Italian writers active after 1900 this annotated bibliography covers over 4 800 distinct editions of writings by some 1 700 Italian authors Many entries are accompanied by useful notes that provide information on the authors works translators and the reception of the translations This book includes the works of Pirandello Calvino Eco and more recently Andrea Camilleri and Valerio Manfredi Together with Robin Healey s *Italian Literature before 1900 in English Translation* also published by University of Toronto Press in 2011 this volume makes comprehensive information on translations from Italian accessible for schools libraries and those interested in comparative literature *Robert B. Heilman and Eric Voegelin* Robert Bechtold Heilman, Eric Voegelin, 2004
