Welcome to Serenity Cove, a peaceful Southern community where the residents like to play dice, play golf, and when foul play moves in, play detective. With Christmas fast approaching, Kate McCall and her dice playing friends get into the holiday spirit by agreeing to help the elderly Eula Mae Snow decorate her home even when it means sorting through a veritable blizzard of the older woman's knickknacks. Intent on doing a good deed and digging up a bright collection of seasonal decorations, Kate is stopped dead in her tracks when instead she discovers the skeleton of a man showing clear signs of foul play. Many in Serenity Cove thought that Waylon Snow had run off and left town, and Eula Mae, more than two decades earlier. But with the appearance of his skeleton and a whole host of clues pointing to Eula Mae as the murderer, Kate will have to put her sleuthing skills to work to figure out who could have committed the evil deed. Determined to clear Eula Mae's name, Kate knows she'll have to solve the coldest of cold cases to track down the culprit before the holidays really go south. Winner James Beard Foundation Book Award 2016, Art of Eating Prize 2015, BCALA Outstanding Contribution to Publishing Citation, Black Caucus of the American Library Association 2016. Women of African descent have contributed to America's food culture for centuries, but their rich and varied involvement is still overshadowed by the demeaning stereotype of an illiterate Aunt Jemima who cooked mostly by natural instinct. To discover the true role of black women in the creation of American and especially southern cuisine, Toni Tipton Martin has spent years amassing one of the world's largest private collections of cookbooks published by African American authors, looking for evidence of their impact on American food families and communities and for ways we might use that knowledge to inspire community wellness of every kind. *The Jemima Code* presents more than 150 black cookbooks that range from a rare 1827 house servant's manual, the first book published by an African American in the trade, to modern classics by authors such as Edna Lewis and Vertamae Grosvenor. The books are arranged chronologically and illustrated with photos of their covers; many also display selected interior pages, including recipes. Tipton Martin provides notes on the authors and their contributions and the significance of each book, while her chapter introductions summarize the cultural history reflected in the books that follow. These cookbooks offer firsthand evidence that African Americans cooked creative masterpieces from meager provisions; educated young chefs operated food businesses and nourished the African American community through the long struggle for human rights. *The Jemima Code*
