Serving a Crucified King Jesse Steven Wheeler,2021-11-11 Serving a Crucified King speaks to a growing crisis within the contemporary church one of misplaced allegiance and misguided discipleship If

Jesus Christ is who we claim him to be then we must ask ourselves Are we truly conducting our lives and constructing our communities in light of that astonishing reality But as long as the contemporary church continues to act in a manner so seemingly at odds with the mission and message of Jesus it remains in a state of emergency Albeit a serious charge solving this crisis is of the utmost importance if we are to live once again in faithful obedience to Jesus Christ as king The magnitude of the problem necessitates the establishment of a movement of kingdom citizens devoted to the cruciform reign of Christ and committed to a wholesale transformation in thinking and practice within the church To this end Serving a Crucified King is a clarion call back to the real work of being a disciple of Jesus in our society Expect to have your thinking challenged your heart moved and your action re oriented

Cultural and Educational Exchanges between Rival Societies Chuang Prudence Chou, Jonathan Spangler, 2018-09-26 This book stimulates discussions on cultural and educational exchanges between rival states and societies raises awareness of the potential positive and negative impacts of such exchanges and serves as a basis for future research and program design Cultural and educational exchanges in various forms have existed for millennia Yet it was not until the unprecedented human devastation of two world wars catalyzed a sense of urgency around the world that a new era of cultural and educational exchange programs emerged as a means of easing tensions between rival states and societies This book is motivated by the need for critical research that can contribute to building a more comprehensive understanding of the issues at stake It begins with a historical overview of cultural and educational exchanges between rival societies an assessment of their positive and negative impacts and a review of some of the most prominent theories in relevant fields It then presents a diverse set of case studies in which authors consider not only the real or expected benefits of such exchanges but also the potentially negative impacts challenges faced along the way and broader effects on the rival societies at large The states and societies considered include North Korea and the West Bosnia and Herzegovina Israel and the Palestinian territories India and Pakistan China and Taiwan Cuba and the US and China and the US Taken together the chapters demonstrate that exchanges have observable impacts on the individuals and institutions involved Moreover they reveal that exchanges have the capacity in some cases to affect broader social and political change at the family community society or state level but these impacts are indirect and typically require

long term concerted efforts by those involved **The 9 Arts of Spiritual Conversations** Mary Schaller, John Crilly, 2016-05-01 Love God love people Could evangelism really be that simple Often it doesn't seem so It can feel scary awkward and uncomfortable as we try to navigate loaded questions and different perspectives Even the most faithful of believers sometimes get stumped But can you imagine if we as Christians simply spent time with people who are far from God and provided a safe place to talk about spiritual matters If we listened to them and discovered what was really important to them After all it's what Jesus did And it's what you can do too Drawing straight from the life and ministry of Jesus **The 9 Arts of Spiritual Conversations** offers simple practices to help you build relationships with people who believe differently Anyone who has read and appreciated **Becoming a Contagious Christian** or **Just Walk across the Room** won't want to miss this book on creating a safe space to have natural loving and spiritual conversations with others **Put Away Your Sword** Michael L. Ten Great Ideas from First Corinthians George Renner, Mark Shaw, 2021-10-19 First Corinthians is one of the most relevant NT documents for both younger churches seeking maturity in the majority world and older churches seeking renewal in the Western world in the twenty-first century. The reason this epistle is so relevant is that it focuses on renewing the church through believing and living out the good news that because of Jesus's death and resurrection God has begun his new creation agenda amid the broken world of today. This is not just another commentary; there are many very good ones, but rather we present a biblical theology of church renewal based on solid exegesis and our experience as teachers and pastors in both Africa and North America. This book will pull out the essential teaching of Paul on renewal in ten manageable principles or great ideas. Church renewal is not just following certain steps but results from nurturing a culture that practices both cross power and a life of new creation hope. When churches make the shift from traditionalism to radical community and evangelical activism through a new experience of the gospel seen as both personal liberation and the transformation of all things, the church begins to move and the world begins to change.

NGOs and Human Rights Charity Butcher, Maia Carter Hallward, 2021-06-15 This study examines and compares the important work on global human rights advocacy done by religious NGOs and by secular NGOs. By studying the similarities in how such organizations understand their work, we can better consider not only how religious and secular NGOs might complement each other but also how they might collaborate and cooperate in the advancement of human rights. However, little research has attempted to compare these types of NGOs and their approaches. NGOs and Human Rights explores this comparison and identifies the key areas of overlap and divergence. In so doing, it lays the groundwork for better understanding how to capitalize on the strengths of religious groups, especially in addressing the world's many human rights challenges. This book uses a new dataset of more than three hundred organizations affiliated with the United Nations Human Rights Council to compare the extent to which religious and secular NGOs differ in their framing, discussion, and operationalization of human rights work. Using both quantitative analysis of the extensive data collected by the authors and forty-seven in-depth interviews conducted with members of human rights organizations in the sample, Charity Butcher and Maia Carter Hallward analyze these organizations' approaches to questions of culture, development, women's rights, children's rights, and issues of peace and conflict.

Luke 1?9 Barbara E. Reid, Shelly Matthews, 2021-01-15 Because there are more women in the Gospel of Luke than in any other gospel, feminists have given it much attention. In this commentary, Shelly Matthews and Barbara Reid show that feminist analysis demands much more than counting the number of female characters. Feminist biblical interpretation examines how the female characters function in the narrative and also scrutinizes the workings of power with respect to empire, to anti-Judaism, and to

other forms of othering Matthews and Reid draw attention to the ambiguities of the text both the liberative possibilities and the ways that Luke upholds the patriarchal status quo and guide readers to empowering reading strategies
