Red Desert History Of A Place:

Red Desert Annie Proulx, 2012-07-25 A photographic and multidisciplinary study of one of America's last undeveloped and most endangered landscapes edited by a Pulitzer Prize winning author A vast expanse of rock formations sand dunes and sagebrush in central and southwest Wyoming the little known Red Desert is one of the last undeveloped landscapes in the United States as well as one of the most endangered It is a last refuge for many species of wildlife Sitting atop one of North America's largest untapped reservoirs of natural gas the Red Desert is a magnet for energy producers who are damaging its complex and fragile ecosystem in a headlong race to open a new domestic source of energy and reap the profits To capture and preserve what makes the Red Desert both valuable and scientifically and historically interesting writer Annie Proulx and photographer Martin Stupich enlisted a team of scientists and scholars to join them in exploring the Red Desert through many disciplines geology hydrology paleontology ornithology zoology entomology botany climatology anthropology archaeology sociology and history Their essays reveal many fascinating often previously unknown facts about the Red Desert everything from the rich pocket habitats that support an amazing diversity of life to engrossing stories of the transcontinental migrations that began in prehistory and continue today on I 80 which bisects the Red Desert Complemented by Martin Stupich's photo essay which portrays both the beauty and the devastation that characterize the region today Red Desert bears eloquent witness to a unique landscape in its final years as a wild place **The Geographical Imagination of Annie Proulx**

Alex Hunt, 2010-11-23 This edited collection focuses on Annie Proulx's striking attention to geography place landscape and local environments Contributors consider Proulx's particular landscapes particularly those of Wyoming New England Texas and Newfoundland and the issues surrounding the significance of these regions and regionalism in contemporary culture and literature *Zen of the Plains* Tyra A. Olstad, 2014-05-15 Although spare sweeping landscapes may appear empty plains and prairies afford a rich unique aesthetic experience one of quiet sunrises and dramatic storms hidden treasures and abundant wildlife infinite horizons and omnipresent wind all worthy of contemplation and celebration In this series of narratives photographs and hand drawn maps Tyra Olstad blends scholarly research with first hand observation to explore topics such as wildness and wilderness travel and tourism preservation and conservation expectations and acceptance and even dreams and reality in the context of parks prairies and wild open places In so doing she invites readers to reconsider the meaning of emptiness and ask larger deeper questions such as how do people experience the world How do we shape places and how do places shape us Above all what does it mean to experience that exhilarating effect known as Zen of the plains

The Lost Frontier Mark Asquith, 2014-06-19 Annie Proulx is one of the most provocative and stylistically innovative writers in America today She is at her best in the short story format and the best of these are to be found in her Wyoming trilogy in which she turns her eye on America's West both past and present Yet despite the vast amount of print expended reviewing her books there has been nothing published on the Wyoming Stories *The Lost Frontier* fills this critical void by offering a detailed examination of the key stories in the trilogy *Close Range* 1999 *Bad Dirt* 2004 *Fine Just the Way it Is* 2008 The chapters are arranged according to western archetypes the Pioneer Rancher Cowboy Indian and arguably the most important character of them all in Proulx's fiction Landscape *The Lost Frontier* offers students a clear sense of the novelist's early life and work her stylistic influences and the characteristics of her fiction and an understanding of where the Wyoming Stories and Annie Proulx's work as a whole fits into traditional and contemporary writing about the American West
