Dark Reign Jeffrey P. Henderson,1997 A real time strategy game Dark Reign has devoted most of its programming resources to the sophisticated artificial intelligence The enemy will not always react in the same way in a given situation making game play much less predictable and much more fun Furthermore players own units will have minds of their own following orders as best they can and defending themselves whenever necessary

StarCraft Simon Dor,2024-02-28 StarCraft Blizzard Entertainment 1998 is a real time strategy video game placing the player in command of three extraterrestrial races fighting against each other for strategic control of resources terrain and power Simon Dor examines the game s unanticipated effect by delving into the history of the game and the two core competencies it encouraged decoding and foreseeing Although StarCraft was not designed as an e sport its role in developing foreseeing skills helped give rise to one of the earliest e sport communities in South Korea Apart from the game s

clear landmark status StarCraft offers a unique insight into changes in gaming culture and more broadly the marketability and profit of previously niche areas of interest The book places StarCraft in the history of real time strategy games in the 1990s Dune II Command Conquer Age of Empires in terms of visual style narrative tropes and control It shows how design decisions technological infrastructures and a strong contribution from its gaming community through Battle net and its campaign editor were necessary conditions for the flexibility it needed to grow its success In exploring the fanatic clusters of competitive players who formed the first tournaments and professionalized gaming StarCraft shows that the game was key to the transition towards foreseeing play and essential to competitive gaming and e sports
