Panther Red One: Memoirs of a Fighter Pilot ,2013-02-15 This book originally began as a series of articles at the behest of the author s son for the website Bharat Rakshak As the articles flowed the author was then persuaded by his children to expand these articles into something that more resembles a book It was and is intended for his grandchildren to know about one part of their heritage a part that will likely not recur in the family tree It was not intended for general publication but the children convinced the author otherwise Perhaps the first couple of chapters could be a reader for all grandchildren of today because every family came from similar villages all over India It also gives a feel for the motivation and the acceptance of the environment and facilities that were far from adequate to achieve the goal of being a fighter pilot It is more episodic than such works usually are as it has been written at the age of 80 from the heart and from memory It is hoped that you will enjoy it
