eight thematic chapters on various aspects of literary theory each contain excerpts from representative texts by Japanese intellectuals discussed against the background of Japan's ongoing negotiations with foreign ideas. The anthology offers a comprehensive image of the development of Japanese literary theories from the beginning of the Meiji period in 1868 and up to the present day. The translation of this anthology, another collaborative project, brings to the English-speaking reader heretofore untranslated pieces by Japanese critics, scholars, and creative writers, providing a point of entry into a variety of intellectual discourses from modern and contemporary Japan. It enriches the repertoire of literary theories available in English while shedding light on the ways in which literature and literary theory travel back and forth within various linguistic spheres, serving as central loci of intellectual negotiation.

Science Fiction and Fantasy Book Review

Neil Barron,R. Reginald,2009-11-01 Science Fiction Fantasy Book Review was founded in 1979 to provide comprehensive coverage of all the major and minor books being released in the genre at that time. This was the golden era of SF publishing, with a thousand titles old and new hitting the stands and the bookshelves each and every year. From the older classics to the newest speculative fiction, this was the period when the best and the brightest shined forth their talents. SF FBR included reviews by writers in the field, by amateur critics, and by litterateurs and University professors. Over a thousand books were covered during the single year of publication, many of them having been reviewed nowhere else before or since. The January 1980 issue includes a comprehensive index of all the works featured during the preceding year. This reprint will be a welcome addition to the literature of science fiction and fantasy criticism. Neil Barron is a retired bibliographer and literary critic, editor of the acclaimed *Anatomy of Wonder* series. Robert Reginald was the publisher for twenty-five years of Borgo Press and has authored over 110 books of his own.
