Soon the text was accompanied by a sketch previsualizing the layout giving all animators working on a film a clear vision of how their parts fit into the whole Ultimately Walt shepherded stories from their inception through every revision and gag He approved every camera angle He dictated what happened in every shot sometimes every frame obsessing over every detail While not credited as such onscreen Walt was the first Disney director As the Disney studio grew Walt organically evolved the role of director reflecting the amount of trust he had in those he worked with his interest in a specific project and what other projects he had on his plate Walt expected his directors to follow his instructions and to improve the work at every turn

Directing at Disney The Original Directors of Walt s Animated Films offers the little known history behind Walt s foundational directors such as Wilfred Jackson Clyde Geronimi and Dave Hand These talents directed some of the most beloved films in existence Snow White and Seven Dwarfs Pinocchio Peter Pan and One Hundred and One Dalmatians yet virtually no one has heard of them until now
