dark love stories that sacrificed numerous people's lives. The matches made in hell are rare but exist. Sometimes couples that kill together do so for practical reasons to conceal their wrong connection as siblings for example. Some torture and murder so for the sheer pleasure of it. Other times couples find concealed erotically charged urges connected to violence and bloodthirsty tortures in the forms of fetishes. Sometimes one of the lovers is a prey too a victim to the other's malicious plans and desires. The book takes a close look at the dark stories of couples who have killed together and throws new light on these cases. It takes a look at the stories of love as criminal unions and also urges discussion about love as a powerful force that can drive one to unimaginable places even in normal relationships. Each story of these deranged minds is unique and requires a perspective and mind of multiple facets to identify details not known to the investigations. They all have one thing in common they kill in a union in the name of love. These murderous couples fuel each other's evil impulses and bring out the worst in each other leading them to commit unspeakable actions of killing multiple individuals including children. The stories told in the text describe truths that prove to have happened. Individuals with low tolerance to stories about violence must avoid the book. **Deadly Duos** Paul Roland, 2010-08-31. Proving that sometimes it really does take two to tango this hardcover full color edition is a collection of true life stories which show the very worst that can happen when two evil individuals hook up with each other. Serial killers and sadistic sex murderers are by nature solitary predators who keep their sordid secret to themselves until painstaking detective work profiling forensics or sheer luck leads to their capture and conviction. However an increasing number of these brutal crimes are being perpetrated by two or more individuals acting together. Together they are twice as dangerous twice as deadly. By working in tandem they can cover each other's tracks subdue their struggling victims and dispose of bodies more easily. What makes such seemingly ordinary individuals hunt together feeding off each other's addiction to cruelty. Is it a power trip. Do they need the approval of an admiring partner. Or is it just tainted love spiraling out of control. Fully illustrated with black and white photographs and page decorations this collection of horror stories is a necessary addition to any true crime fan's library. It warms the human heart to see a couple in love. Unless of course the couple is one of the deadly duos profiled in this book.
