The Books of Traditional Confucian Canon Confucius,2022-01-04 These books are the five pre Qin Chinese books that form part of the traditional Confucian canon During the Western Han dynasty which adopted Confucianism as its official ideology these texts became part of the state sponsored curriculum It was during this period that the texts first began to be considered together as a set collection and to be called collectively the Five Classics I Ching The book contains a divination system comparable to Western geomancy or the West African If system In Western cultures and modern East Asia it is still widely used for this purpose Shu King A collection of documents and speeches alleged to have been written by rulers and officials of the early Zhou period and before It is possibly the oldest Chinese narrative and may date from the 6th century BC It includes examples of early Chinese prose The Shih King A collection of 305 poems divided into 160 folk songs 105 festal songs sung at court ceremonies and 40 hymns and eulogies sung at sacrifices to heroes and ancestral spirits of the royal house The Li Ki Describes ancient rites social forms and court ceremonies The version studied today is a re worked version compiled by scholars in the third century BC rather than the original text which is said to have been edited by Confucius himself Spring and Autumn Annals A historical record of the State of Lu Confucius s native state 722 481 BC

I CHING (The Book of Changes) Anonymous,2022-01-04 The I Ching usually translated as Book of Changes is an ancient Chinese divination text and among the oldest of the Chinese classics Originally a divination manual in the Western Zhou period 1000 750 BC over the course of the Warring States period and early imperial period 500 200 BC it was transformed into a cosmological text with a series of philosophical commentaries known as the Ten Wings The I Ching is used in a type of divination called cleromancy which uses apparently random numbers Six numbers between 6 and 9 are turned into a hexagram which can then be looked up in the text in which hexagrams are arranged in an order known as the King Wen sequence The interpretation of the readings found in the I Ching is a matter which has been endlessly discussed and debated over in the centuries following its compilation and many commentators have used the book symbolically often to provide guidance for moral decision making as informed by Confucianism Taoism and Buddhism

The Five Classics Confucius,2023-11-27 The Five Classics a seminal collection attributed to Confucius serves as a foundational text of Confucian philosophy and Chinese literary tradition This anthology comprises the Book of Documents the Book of Songs the Book of Rites the Book of Changes and the Spring and Autumn Annals intricately interweaving philosophy history and poetry The literary style is characterized by a blend of concise aphorisms and richly layered prose reflecting the moral political and

social ideals central to Confucian thought while simultaneously capturing the historical and cultural nuances of ancient China Each classic serves not only as a reflection of its era but also as a timeless guide for personal and societal ethics Confucius a philosopher and educator of the 5th century BCE established a lasting intellectual legacy that shaped East Asian thought His pursuit of a just society rooted in virtue and benevolence influenced his compilation of these texts Through extensive teachings and dialogues with students Confucius aimed to revive and codify the wisdom of the past offering insights into governance morality and human relationships that resonate through the ages For readers interested in philosophy history or literature The Five Classics is an essential exploration of the foundational ideas that underpin Confucianism and by extension much of East Asian culture This text invites reflection on the enduring relevance of virtue and moral integrity making it a valuable resource for scholars and lay readers alike
