## **Still Hillsong Lead Sheet:**

**People in Glass Houses** Tanya Levin, 2007-07-25 The eighties were my formative years and while other teenagers were gyrating to rock n roll we were praying for revival We were taking communion not cocaine We treated virginity like a wedding present not a cold sore And why wouldn't we We were told we could be we already were anything we wanted to be We were armed and dangerous Armed with the power of God and dangerous in the eyes of Satan Tanya Levin grew up in the church that became Hillsong the country's most ambitious entrepreneurial and influential religious corporation People in Glass Houses tells how a small Assemblies of God church in a suburban school hall became a multi million dollar tax free enterprise and a powerful force in Australia today Opening up the world of Christian fundamentalism this is a powerful personal and at times very funny exploration of an all singing all swaying mega church

**Cool Christianity** Cristina Rocha, 2024 This book is an ethnographic account of how Pentecostalism expands globally It examines the rise of the Australian megachurch Hillsong its global spread and its appeal to young middle class Brazilians It shows that Hillsong's adoption of the Cool Christianity style through music digital media branding and celebrity culture elicits excitement pleasure and pride amongst its expanding global following For Brazilian middle class youth the church also gives them a sense of cosmopolitan belonging to a Christian community located in the Global North By joining Hillsong they seek to distinguish themselves from the impoverished followers of Brazilian Pentecostal churches and their values

**Music, Branding and Consumer Culture in Church** Tom Wagner, 2019-10-16 Starting as a single congregation in Australia Hillsong Church now has campuses worldwide releases worship music that sells millions of albums and its ministers regularly appear in mainstream media So how has a single church gained such international prominence This book offers an ethnographic exploration of the ways in which music and marketing have been utilised in the pursuit and production of spiritual experience for members of Hillsong Church An experience that has proven to be incredibly popular The main theme of this book is that marketing specifically branding is not just a way to sell religion but rather an integral part of spiritual experience in consumer society Focussing on the London Hillsong church as a case study the use of its own music in tandem with strong branding is shown to be a co and re productive method of organizing patterning and communicating information The church provides the branded material and cultural context in which participants sacred experience of self unfolds However this requires participants to do the work to properly understand and ultimately embody the values associated with the brand This book raises important questions about the role of branding and music in forming modern sacred identities As such it will be of great interest to scholars of Religious Studies Ethnomusicology and Media Studies

**The Hillsong Movement Examined** Tanya Riches, Tom Wagner, 2017-11-02 This interdisciplinary volume brings together leading writers and thinkers to provide a critique of a broad range of topics related to Hillsong Church Hillsong is one of the most influential visible and in some circles controversial religious organizations movements of the past thirty years Although it has received significant attention

from both the academy and the popular press the vast majority of the scholarship lacks the scope and nuance necessary to understand the complexity of the movement or its implications for the social cultural political spiritual and religious milieus it inhabits This volume begins to redress this by filling important gaps in knowledge as well as introducing different audiences to new perspectives In doing so it enriches our understanding of one of the most influential Christian organizations of the late 20th and early 21st centuries

**The Spirit of Praise** Monique M. Ingalls, Amos Yong, 2015-06-18 In *The Spirit of Praise* Monique Ingalls and Amos Yong bring together a multidisciplinary scholarly exploration of music and worship in global pentecostal charismatic Christianity at the beginning of the twenty first century *The Spirit of Praise* contends that gaining a full understanding of this influential religious movement requires close listening to its songs and careful attention to its patterns of worship The essays in this volume place ethnomusicological theological historical and sociological perspectives into dialogue By engaging with these disciplines and exploring themes of interconnection interface and identity within musical and ritual practices the essays illuminate larger social processes such as globalization sacralization and secularization as well as the role of religion in social and cultural change Aside from the editors the contributors are Peter Althouse Will Boone Mark Evans Ryan R Gladwin Birgitta J Johnson Jean Ngoya Kidula Miranda Klaver Andrew Mall Kimberly Jenkins Marshall Andrew M McCoy Martijn Oosterbaan Dave Perkins Wen Reagan Tanya Riches Michael Webb and Michael Wilkinson

Bauman, Damaris Parsitau, Jeaney Yip, 2024-05-07 *The Routledge Handbook of Megachurches* provides a survey of global megachurch phenomena with an international slate of authors introducing existing and emerging research on a wide variety of relevant topics Over the past decade the field of megachurch studies has matured and become global in its scope and orientation The Handbook offers 33 chapters by top scholars in the field focusing in particular on The location demographic nature and transnational connections of megachurches Megachurch worship hermeneutics and theology in theory and practice Megachurch institutional dynamics The various ways that megachurches have both influenced and been influenced by their social contexts in terms of class age gender sexuality and pop culture The Handbook's interdisciplinary orientation makes it essential reading for sociologists political scientists anthropologists media specialists pop culture observers business strategists leadership consultants marketing analysts scholars of religion and Christian historians theologians and missiologists Experienced scholars of megachurches will gain valuable insight into aspects of megachurch research beyond their own specializations Scholars new to the field will find the chapters useful as signposts for where to begin their own academic exploration Christian pastors and laypeople will learn more about this increasingly prominent and influential form of their faith

**The Spirit and the Song** Chris E. W. Green, Steven Félix-Jäger, 2024-09-16 *The Spirit and the Song* Pneumatological Reflections on Popular Music explores pertinent pneumatological issues that arise in music It offers three distinct contributions first it asks what if anything music tells listeners about God's Spiritedness Can the experience of music speak to human spiritedness the world's

transcendentality or a person's own self transcendence in ways nothing else does or can. Second, this book explores how the Spirit functions within and even determines culture through music. Because music is a profound human expression, it can find itself in a rich dialogue with the Spirit. Third, and finally, this book explores the contested status of music in Christian spiritual traditions. It deals with music as inspired by the Spirit, music as participation in Spirit-ness, and music as temptation of the flesh. As such, this book also engages music's placement in Christian spiritual traditions. The contributors of this book ask how Christian convictions about and experiences of the Spirit might shape the way one thinks about music. *Billboard*, 2011-04-02.
