An illustration of a child with long blonde hair and a pink shirt lying in a bed, looking up at a starry night sky. The bed has a blue blanket with yellow stars and a blue pillow with yellow stars. To the left of the child is a snowman wearing a black top hat and a small orange hat. To the right of the child is a small girl with a red and white striped hat, a pink unicorn, and a girl with a green witch hat. The title '20 BEDTIME STORIES' is written in large, yellow, stylized letters across the middle of the bed. The background is a dark blue night sky with white stars and a yellow moon.

The Best Short Stories, 1938 Edward Joseph O'Brien, 1938 **British Books**, 1843 The Story of Us Janusz Meyerhoff, 2013-02-02 My intention is to start from the beginning But when the beginning happened Contemporary theory is that everything started with Big Bang which affirms that all elements in the universe time space energy and matter were compressed in a point of infinite density called singularity which exploded some 13.7 billion years ago Best Short Stories, 1929 *The Short Story* Valerie Shaw, 2014-07-21 Throughout this text Valerie Shaw addresses two key questions What are the special satisfactions afforded by reading short stories and How are these satisfactions derived from each story's literary techniques and narrative strategies She then attempts to answer these questions by drawing on stories from different periods and countries by authors who were also great novelists like Henry James Flaubert Kafka and D. H. Lawrence by authors who specifically dedicated themselves to the art of the short story like Kipling Chekhov and Katherine Mansfield by contemporary practitioners like Angela Carter and Jorge Luis Borges and by unfairly neglected writers like Sarah Orne Jewett and Joel Chandler Harris *Rudyard Kipling* David Alan Richards, Beinecke Rare Book and Manuscript Library, 2007-01-01 This text is organized chronologically beginning with Kipling's birth in India in 1865 and extending to movies plays and new editions of his works that have appeared since his death in 1936 The selected items create a timeline of his life and popular works including The Jungle Books and The Just So Stories **Struwwelpeter in English Translation** Heinrich Hoffmann, 2012-04-18 1845 classic children's book relates the consequences in funny rhyming couplets that befall children who torment animals play with matches suck their thumbs and fidget at meals Collected Books ALLEN OSB; AHEARN AHEARN (PATRICIA.), Patricia Ahearn, 2013-02 An introduction to and advice on book collecting with a glossary of terms and tips on how to identify first editions and estimated values for over 20,000 collectible books published in English including translations over the last three centuries about half are literary titles in the broadest sense novels poetry plays mysteries science fiction and children's books and the other half are non-fiction Americana travel and exploration finance cookbooks color plate medicine science photography Mormonism sports et al **The Best Short Stories of ... and the Yearbook of the American Short Story**, 1929 **Lewis Carroll Among His Books** Charlie Lovett, 2015-01-09 Charles Lutwidge Dodgson known better by his pseudonym Lewis Carroll was a 19th century English logician mathematician photographer and novelist He is especially remembered for his children's tale Alice's Adventures in Wonderland and its sequel Through the Looking Glass By the time of Dodgson's death in 1898 Alice the integration of the two volumes had become the most popular children's book in England By the time of his centenary in 1932 it was perhaps the most famous in the world This book presents a complete catalogue of Dodgson's personal library with attention to every book the author is known to have owned or read Alphabetized entries fully describe each book its edition its contents its importance and any particular relevance it might have had to Dodgson The library not only provides a plethora of fodder for further study on
