The Cockroach Combat Manual II Dr. Austin M. Frishman & Paul J. Bello, 2013-10 In the early 80s we were evaluating a new cockroach control product in a high rise housing project Cockroach populations were high even though the apartment we were in was squeaky clean The three small children that shared a twin bed there looked different to me but I wasn't sure why Dr Frishman pointed out that they didn't have any eye brows or lashes and then he exposed thousands of roaches hiding behind the head board Some things you never forget In my view having Paul Bello an industry expert himself with years of practical experience team up with Dr Cockroach makes *The Cockroach Combat Manual II* a must read because cockroach control is deserving of our best efforts
