Sommer,2007-12 Buying used vehicles sounds like a simple task that most every adult in America has done in their lifetime This is true except for the fact that in today s inflationary times a vehicle may well be the second largest purchase a person makes next to their home What is truly amazing is the very little thought and research typically done by today s average vehicle buyer Most people go out on a Sunday afternoon and in the space of a few hours sign a contract for anywhere from 20 000 50 000 This is of course assuming that they decide to buy something new instead of pre owned This book is designed to assist the average buyer into the wonderful world of used vehicle purchasing The ideal of buying used is very frightening to many Americans The fact is that buying somebody else s troubles is reminiscent of many people s attitude I submit that with the help of a book such as this a buyer can get a vehicle that will last for many years for a fraction of the cost of buying new Buying Used Vehicles is not a scientific study by any stretch of the imagination It is simply a set of experiences put down by an average person with a slightly larger than average amount of purchases and sales to his credit This book is very short so it would not take a great deal of time to read and absorb which given the pace of most people s lives these days fits in better than a long textbook on the subject If just one of the precepts shown herein allows a vehicle buyer to avoid getting stuck with a lemon than it probably would be worthwhile This is the only goal I had in my mind when I put this book together Some very simple things can sometimes spell the difference between getting a serviceable vehicle and buying a pretty but useless showpiece In the years I have been buying

cars motorcycles and boats I have learned that some very common misconceptions exist in the motoring public One of the biggest is that they learned how to buy vehicles by observing how their parents did it I was the same way as a young man when things were much simpler and far less legislated This chronology of vehicle purchases hopefully will illustrate that although fraught with pitfalls the purchase of something used can be rewarding and very cost efficient As a somewhat certifiable vehicle nut I hope that there may be at least a single passage in this work that will help someone avoid the many possible mistakes in buying used Good Hunting to you all

so you can buy at the right price

What's Inside

Answers to some of the most common questions asked by used car buyers when buying a car privately include

- How do I know what type of car to buy
- How to know if the seller is telling the truth
- How do I narrow my search list to make the final product decision
- How do I buy a mechanically sound vehicle
- How can I be sure I won't have to spend money on after purchase servicing or repairs
- How do I know EXACTLY how much to pay
- How do I negotiate the best deal
- How do I protect myself to give myself peace of mind

This Proven Three Step Formula By Qualified Motor Mechanic Craig Jones Will

- 1 Guide you from the very beginning of the buying process to the very end so you can find the right car for you
- 2 Teach you how to gain an unfair advantage in negotiating the lowest price and getting the best deal
- 3 Show you how to protect yourself from getting ripped off

Who This Book Is For

You Don't Know What Car To Buy

Here you will get the most powerful questions to ask yourself to discover what type of vehicle to buy and identify other requirements you will need to suit your needs, wants and lifestyle

If you're buying your first car or perhaps your car is worn out and you're looking for another vehicle to get you on the road again, then go tyre kicking with a purpose by knowing the right vehicle to buy

You Have Found A Car And Want To Purchase It But Don't Know If The Car Is A Lemon

You don't want to end up spending more money on repairs after buying it

This is why Craig will give you his Magic Bullet Question which he asks sellers every day in his pre purchase vehicle inspection business

You will also have a qualified motor mechanic on duty 24/7 that's Craig looking over your shoulder guiding you every step of the way when using the used car checklist so you can choose a mechanically sound used car and avoid the lemons

You Have Done The Necessary Vehicle Checks But Don't Want To Pay Too Much For The Car

If you are buying a car privately and it has finance owing, the price the seller will want to achieve is the payout figure, the amount they owe the finance company, but this is not the price you should pay

Once you have your arsenal bag full of ammunition

Facts from Formula 1 and Formula 2 to use

I will show you my trade price formula including giving you the exact price the car is worth and how to negotiate with the seller so you buy at the right price

You Have Made A Buying Decision But Don't Know What Important Vehicle And Seller Identification Checks To Do Before Handing Over Your Money

It's more important to do the necessary identification checks when buying privately than if you were buying certified pre-owned cars from a dealer

By using the included buyer and seller receipt forms you can confirm the vehicle's details and that the seller is who they claim to be

Bottom Line

How to Buy the Right Used Car from a Private Seller

eBook is your essential guide to making smart informed decisions when purchasing a used vehicle, especially from a private seller

With the right knowledge you'll gain the power and confidence to avoid costly mistakes and common pitfalls
