The Poetry of Translation Matthew Reynolds, 2011-09-29 Poetry is supposed to be untranslatable But many poems in English are also translations Pope's Iliad Pound's Cathay and Dryden's Aeneis are only the most obvious examples The Poetry of Translation explodes this paradox launching a new theoretical approach to translation and developing it through readings of English poem translations both major and neglected from Chaucer and Petrarch to Homer and Logue The word translation includes within itself a picture of something being carried across This image gives a misleading idea of what goes on in any translation and poets have been quick to dislodge it with other metaphors Poetry translation can be a process of opening of pursuing desire or succumbing to passion of taking a view or zooming in of dying metamorphosing or bringing to life These are the dominant metaphors that have jostled the idea of carrying across in the history of poetry translation into English and they form the spine of Reynolds's discussion Where do these metaphors originate Wide ranging literary historical trends play their part but a more important factor is what goes on in the poem that is being translated Dryden thinks of himself as opening Virgil's Aeneid because he thinks Virgil's Aeneid opens fate into world history Pound tries to bring Propertius to life because death and rebirth are central to Propertius's poems In this way translation can continue the creativity of its originals The Poetry of Translation puts the translation of poetry back at the heart of English literature allowing the many great poem translations to be read anew

Lost in Translation [pi] Charlie Croker, 2006 In today's world no self-respecting English language enthusiast could have failed to notice the frequent and flagrant abuse of our native tongue by pesky foreigners Forgetting for a moment the fact that many nations speak our language better than we do Lost in Translation features hundreds of genuine original and utterly ridiculous examples of the misadventures in English discovered all over the world by the author and his intrepid team of researchers Everything from hotel signs to baffling advertisements such as the German beauty product offering a Cream shower for pretentious skin or the Japanese bar that boasts Special cocktails for ladies with nuts or the French warning at a swimming pool Swimming is forbidden in the absence of the saviour Published in paperback for the first time this autumn Lost in Translation demonstrates how widely the English language has travelled though unfortunately some of it seems to have got a bit scrambled en route
