much like the poet Allen Ginsberg did with his iconic poem Howl Robert Frost said Poetry is when an emotion has found its thought and the thought has found words The poetry in 3 AM was birthed in the witching hours between midnight and dawn I hope these poems send you flying around the room again and again and landing in a different perspective Excerpts The Man in The Moon 1 Who s up at 2 am The midnight oil has long burned out Sleep and sex roll restless On the worn mattress Dreams escape the open eyes Shadows rattle the door Three o clock is the witching hour Red ashes float from the patio Eyes across the courtyard catch you breathing You look away only to look again You know the lonely mattress would enjoy the company And your lilac scented air could use some funk But the night won t last a lifetime so You slip back into your room and wonder What if there is a man in the moon A Good Dog The neighbor beats his dog at 3am and he don t stop I hear her tail beating the wall and he don t stop She gnaws on his bone and he don t stop All night long she whines and he don t stop Her collar and chain drags the floor and he don t stop She begs at the table and he don t stop She rolls over and plays dead and he don t stop She fetches his slippers and he don t stop She trees his birds and he don t stop She has his puppies and he don t stop All in the wee hours I hear bitch bitch bitch and he don t stop Get 3AM Now

One Man's Love Story - A Near-Death Experience Jason Hughes, 2005-08 This memoir is based on my experiences in this world Bob Marley Princess Diana His Holiness the Dalai Lama Mother Theresa Deepak Chopra Oprah Winfrey John F Kennedy Martin Luther King Jr have all talked about essentially the same thing that there is One Universal Love that flows inside us all And yet life is often about harmonizing with the co existence of opposite values We constantly strive for balance within ourselves between life and death being happy or sad up and down love and fear pain and growth and light and dark One cannot exist without the other Together and individually we all travel this vast spectrum at our own rate of speed and in our own unique ways Experiencing these opposites is what often makes this journey interesting Only by keeping our focus on the positive as much as possible can we achieve and enjoy a healthy balance But if life is an inevitable balance between up and down and good and bad are we all at the mercy of the changing tides How do we directly impact our experience Why do so many of us wait for something bad to happen in our lives before we actually wake up and begin to move through life seeing clearly as Nature intended All too often we must go through many forms of pain before we discover the true growth that was intended for us My own conscious contact came about as a result of a devastatingly painful experience after which I began to realize that nothing is impossible and that only together can we realize this truth I began to understand how much we all share in this life and I realized we are clearly meant to work through our pain collectively Together we will discover happier states of existence It is only with the true caring and sharing of so many that I was able to survive a potentially insurmountable ordeal and I am here today to share with you all I have learned And this is my story of how I came to experience embrace and be transformed by that Universal Love that great men and women before me have also discovered My goal is to connect and relate with you my reader on the most important and meaningful levels I have learned that love is the answer and when we
