and it is a nation's loss if it no longer values the wisdom of the past. We should remember the Sankofa who bids us look to the past to guide us into our future. Anna Howard Shaw Trisha Franzen, 2014-03-15 With this first scholarly biography of Anna Howard Shaw 1847-1919 Trisha Franzen sheds new light on an important woman suffrage leader who has too often been overlooked and misunderstood. An immigrant from a poor family, Shaw grew up in an economic reality that encouraged the adoption of non-traditional gender roles. Challenging traditional gender boundaries throughout her life, she put herself through college, worked as an ordained minister and a doctor, and built a tightly knit family with her secretary and longtime companion Lucy E. Anthony. Drawing on unprecedented research, Franzen shows how these circumstances and choices both impacted Shaw's role in the woman suffrage movement and set her apart from her native-born middle and upper-class colleagues. Franzen also rehabilitates Shaw's years as president of the National American Woman Suffrage Association, arguing that Shaw's much belittled tenure actually marked a renaissance of both NAWSA and the suffrage movement as a whole. *Anna Howard Shaw: The Work of Woman Suffrage* presents a clear and compelling portrait of a woman whose significance has too long been misinterpreted and misunderstood. *General Catalogue of Printed Books* British Museum. Department of Printed Books, 1971 Anna Howard Shaw - The Story of a Pioneer Anna Howard Shaw, 2024-07-10 *The Story of a Pioneer* was one of the several works written by Anna Howard Shaw in her lifetime and was published in 1915. This work is a powerful and revealing autobiography in which Shaw narrates her journey as a leader in the women's suffrage movement, offering an intimate and profound view of her life and the challenges faced during her advocacy for women's rights. Over time, various biographies have been written and continue to be written about this iconic suffragist and minister, with increasing quality and scope. However, to understand the thoughts and character of a real person, there is nothing better than hearing the story with all its circumstances, mistakes, and successes told by the one who lived it firsthand. This is the purpose of Anna Howard Shaw's autobiography: to bring to the public the determined and visionary woman who, through her perseverance and dedication, became one of the most influential figures in the fight for gender equality. This work is part of the *Voices of America* series, which aims to highlight the life stories of important figures in American history, told by themselves.

Television Series and Specials Scripts, 1946-1992, 2009-10-21 In the early days of television, many of its actors, writers, producers, and directors came from radio. This crossover endowed the American Radio Archives with a treasure trove of television documents. The collected scripts span more than 40 years of American television history, from live broadcasts of the 1940s to the late 1980s. They also cover the entire spectrum of television entertainment programming, including comedies, soap operas, dramas, westerns, and crime series. The archives cover nearly 1,200 programs, represented by more than 6,000 individual scripts. Includes an index of personal names, program and episode titles, and production companies, as well as a glossary of industry terms. *Boys, Girls, and the Myths of Literacies and Learning* Roberta F. Hammett, Kathy Sanford, 2008-03-28 This timely and authoritative book provides a critique and deconstructs the myths that serve to uphold

the current moral panic around boys supposed failures in literacy and diminished chances of success Readers are asked to look beyond simple gender binarism to see different more complex and often more egregious categorizations of students in their classrooms other than the simplistic male female categories and begin to question and address some of those issues poverty racism violence environment and more complex issues of gender patriarchy and hegemony The authors suggest different ways of teaching literacies to both boys and girls and propose that while solutions are not simple they are critically important in promoting positive educational experiences for all students regardless of gender class culture race or sexual orientation
