Seal-Binding Society Neville M. R. LeQuant,2022-05-06 Five centuries ago the elemental artform of seal binding was introduced to a world once devastated by senseless conflict Seal binders those with the ability to bestow seals used their powers to bring order to the continents of Armos and Omallia These lands prospered under the watchful eyes of the seal binders and with the help of seal wielders those with the ability to harness the powers of seals the laws of the Seal Binding Society were guarded for the years to come Things changed however due to a sudden shift in the monarchy within the last 100 years By order of a new king the seal binding practice was banned and subsequently it was decreed that the seal binders were to be executed on sight With the widespread extermination of the seal binders came a radical increase in poverty everywhere across Armos and Omallia In this world's current eye there is but one seal binder left living in the capital city of Hitomi and serving unwillingly under the new royal family known as Ra Can the integrity of the Seal Binding Society be restored Or will it completely deteriorate back to the ways of chaos and suffering
