*The South African Intelligence Services* Kevin A. O'Brien, 2010-11 This book is the first full history of South African intelligence and provides a detailed examination of the various stages in the evolution of South Africa's intelligence organizations and structures Covering the apartheid period of 1948-90 the transition from apartheid to democracy of 1990-94 and the post apartheid period of new intelligence dispensation from 1994-2005 this book examines not only the apartheid government's intelligence dispensation and operations but also those of the African National Congress and its partner the South African Communist Party ANC SACP as well as those of other liberation movements and the independent homelands under the apartheid system Examining the civilian military and police intelligence structures and operations in all periods as well as the extraordinarily complicated apartheid government's security bureaucracy or securocracy and its structures and units the book discusses how South Africa's Cold War position influenced its relationships with various other world powers especially where intelligence co-operation came to bear It outlines South Africa's regional relationships and concerns the foremost being its activities in South West Africa Namibia and its relationship with Rhodesia through 1980 Finally it examines the various legislative and other governance bases for the existence and operations of South Africa's intelligence structures in all periods and the influences that such activities as the Rivonia Trial at one end of the history or the Truth and Reconciliation Commission at the other end had on the evolution of these intelligence questions throughout South Africa's modern history This book will be of great interest to all students of South African politics intelligence studies and international politics in general *The World Factbook*, 2005

**Disarmament and Defence Industrial Adjustment in South Africa** Peter G. Batchelor, Susan Willett, 1998 Peter Batchelor and Susan Willett analyse the response of the South African defence industry to drastic cuts in military expenditure and the demilitarization of society since the end of the cold war and apartheid and the stabilization of the regional security situation The new ANC led government is seeking to use the resources released the peace dividend to restructure and revitalize the country's industrial base and to support reconstruction development and redistribution A lively debate on the country's security needs and strategic doctrine is under way As in other countries strategies of industrial diversification and conversion have met with limited success In the absence hitherto of any coherent government policy on defence industrial adjustment significant skills and technologies have been lost or wasted This book provides a historical analysis of South Africa's unique opportunity to develop new and innovative policies on defence and security matters the arms industry and arms exports and makes a valuable contribution to the international debate on the relationship between disarmament and development

**International Peacekeeping: The Yearbook of International Peace Operations** Harvey Langholtz, Boris Kondoch, Alan Wells, 2021-11-22 International Peacekeeping is devoted to reporting upon and analyzing international peacekeeping with an emphasis upon legal and policy issues but is not limited to these issues It is recognized that in today's world there is a wealth of information available from

the internet and through other sources It is therefore the goal of this Yearbook to make this information available in one publication which both organizes and records events over the course of a year through analytical articles a chronicle primary documents and a bibliography Topics include inter alia peacekeeping peace war conflict resolution diplomacy international law international security humanitarian relief humanitarian law and terrorism The Yearbook is of scholarly quality but is not narrowly theoretical It provides the interested public diplomats civil servants politicians the military academics journalists NGO employees and serious citizens with a document of record comment and a starting point for further research on peacekeeping and related topics This is achieved not only by the provision of basic documents on CD ROM such as Security Council Resolutions and Reports of the UN Secretary General but also by expert commentaries on world events Peacekeeping is treated in a pragmatic light seen as a form of international military cooperation for the preservation or restoration of international peace and security Attention is focused not only on UN peacekeeping operations but other missions as well This Yearbook is the continuation of the journal *International Peacekeeping*

**Prosecuting International Crimes: A Multidisciplinary Approach** Bartłomiej Krzan, 2016-07-11 The volume edited by Bartłomiej Krzan offers different perspectives on the prosecution of international crimes The analyses contained therein reflect different backgrounds mainly legal combining several disciplines and making it a multidisciplinary study The main but definitely not the exclusive point of reference is that of international law In addition other perspectives those of legal history or sociology of law and obviously the one of criminal law both substantive and procedural provide useful alternatives or in most occasions complementary approaches to the examination of the prosecution of international crimes The book combines different views backgrounds and underlying assumptions But gathered together they it is to be hoped shed some additional useful light that might be helpful for identifying new dimensions of the reaction judicial or other towards international crimes Contributors Władysław Czapliński Patrycja Grzebyk Witold Jakimko Wojciech Jasiński David Kohout Karolina Kremens Bartłomiej Krzan Krzysztof Maso Neringa Mickevičiūtė Robert Uerpmann Wittzack Regina Valutytė Karolina Wierczyńska Joachim Wolf Loammi Wolf and Justinas Ilinskas [Debates of the National Assembly \(Hansard\)](#) South Africa. *Not Child's Play* Dave Muller, 2024-07-10 What would you do if your dream sailing adventure turned into a nightmare of captivity How would you protect your children when surrounded by armed child soldiers in a war torn country One family's harrowing true story of survival during the Mozambican civil war will forever change how you view the fragility of freedom When architect David Muller his marine biologist wife Sandy and their two young children embarked on a sailing trip to the Bazaruto Archipelago they never imagined becoming hostages of the notorious Renamo rebels Their idyllic voyage aboard their yacht Arwen transforms into a desperate fight for survival as they're forced to navigate the treacherous landscape of civil war torn Mozambique Through the eyes of this ordinary family thrust into extraordinary circumstances we witness the brutal realities of a conflict where children become soldiers and innocence is shattered by violence David and

Sandy's firsthand account provides unprecedented insight into the complex dynamics of captivity where their captors display both shocking brutality and unexpected humanity. Their story reveals the incredible resilience of the human spirit as they struggle to protect their children's innocence while facing unimaginable moral dilemmas and the constant threat of death. This raw and powerful account goes beyond a simple survival story, offering profound insights into human nature, family bonds, and the true cost of war. Through the Mullers' journey, readers will gain a deeper understanding of both humanity's capacity for cruelty and its remarkable resilience in the face of adversity. Get your copy today and witness an extraordinary tale of survival that will forever change your perspective on freedom and family bonds.

Here are some reviews from the first edition of this book. The book gives a unique glimpse into the reality of war and the hardships endured by all participants. The family, which includes two very young children, survives thanks to their resilience and resourcefulness, and also thanks to the kindness of ordinary people caught in the net of warfare. A remarkable book. Read it; it will help you understand the human condition a little more fully. Reviewed in Canada, September 2020. This book held me spellbound, and I could not put it down. Descriptive and honest, making it believable and challenging. Reviewed in Australia, January 2020. Not Child's Play is an absolute page-turner and a remarkable and detailed account of a family's terrible and often bizarre ordeal. Go Travel Magazine, April 2020.

From Defence to Development Jacklyn Cock, Penny McKenzie, 1998. Remember the global peace dividend, the budget surpluses that were supposed to result from the raising of the Iron Curtain and the end of the arms race. As war-torn societies in the Middle East, Latin America, and parts of Africa found peace and began building democratic societies, governments were supposed to use the money they once spent on the military to better meet basic human needs. But has it happened?

**Reader's Guide to Military History** Charles Messenger, 2013-10-31. This book contains some 600 entries on a range of topics from ancient Chinese warfare to late 20th-century intervention operations. Designed for a wide variety of users, it encompasses general reviews of aspects of military organization and science as well as specific wars and conflicts. The book examines naval and air warfare as well as significant individuals, including commanders, theorists, and war leaders. Each entry includes a listing of additional publications on the topic, accompanied by an article discussing these publications with reference to their particular emphases, strengths, and limitations.

*Military Unionism In The Post-Cold War Era* Richard Bartle, Lindy Heineken, 2006-07-29. This unique study of military unionism shows how the changing nature of present-day conflicts has made soldier representation more important than ever. This new collection of essays clearly establishes the key factors in the military union debate in recent years and highlights the mechanisms different armed forces have created to deal with the aspirations of their members. Core issues covered include the nature of organizational and force restructuring since the end of the Cold War, the new structures of military employment, changes in value systems such as rising individualism, and the new culture of recruits. Legal, political, social, and economic factors driving the debate. Placing military unionism in comparative perspective, these chapters provide the reader with an excellent basis for the examination of

international military unionism from the viewpoint of countries with no unions those recently unionised and those unionised for some time This new book will be of great interest to students researchers and professionals in military studies defence management and sociology of the armed forces

**External Mission** Stephen Ellis, 2022-07-15 External Mission helped me understand better how the phenomenon of Jacob Zuma and his main legacy state capture became possible MAX DU PREEZ After the ANC was banned by the apartheid government in 1960 many of its leaders and members were forced to leave the country During the next three decades it had to operate in exile and underground Yet the real history of this period remains shrouded in mystery Some events such as the Rhodesian campaign of 1967 1968 and the Kabwe conference of 1985 are well known but lesser known are the intense factional struggles within the organisation recurring pro democracy protests and the creation of a security apparatus that inspired widespread fear Some networks within the exiled ANC became heavily involved in corruption even colluding with elements of the apartheid security police and secret services External Mission aims to provide a full account of the ANC's years in exile penetrating the secrecy the organisation erected around itself and testing the myths that emerged from that period It is based on an exceptionally wide range of sources including the ANC's own archives and foreign archives such as those in East Germany where the movement's security personnel were trained Incisive and revealing External Mission is key to understanding South Africa today

**Post-conflict Reconstruction and Development in Africa** Theo Neethling, Heidi Hudson, 2013-10-01 Some of the bloodiest conflicts occur on the African continent An Afrocentric perspective is therefore a suitable starting point for research into the possible strategies for post conflict peacebuilding The authors of this book consider the problems around the concept of post conflict and the blurring of military and civilian roles analysing the UN roles in the DRC and Sierra Leone as well as the African Union Mission in Burundi The main context of the book however is the South African Army's strategy for PCRD in Africa which was developed with the African Union's 2006 Post Conflict Reconstruction and Development Needs Assessment Guide in mind This book emanates from this plan It therefore also explores South Africa's policy imperatives to integrate development projects and peace missions involving the military as well as civilian organisations While this book is not intended as an instruction manual it hopes to ignite an understanding of the particular processes required to develop a sustainable and cohesive post conflict peacebuilding strategy within the African environment

**Archives and the Public Good** Richard J. Cox, David A. Wallace, 2002-06-30 This volume widens the perspective of the roles that records play in society As opposed to most writings in the discipline of archives and records management which view records from cultural historical and economical efficiency dimensions this volume highlights that one of the most salient features of records is the role they play as sources of accountability a component that often brings them into daily headlines and into courtrooms Struggles over control access preservation destruction authenticity accuracy and other issues demonstrate time and again that records are not mute observers and recordings of activity Rather they are frequently struggled over as objects of memory formation and erasure

The 14 powerful case studies focus around four closely related themes explanation secrecy memory and trust They demonstrate how records compel shape distort and recover social interactions across space and time The diverse range of case studies includes the ownership of the Martin Luther King Jr papers the destruction of records on Nazi war criminals in Canada the politics of documents in the Iran Contra affair the failure of records management in the U S Internal Revenue Service the publication of tobacco company documents on the World Wide Web access to records associated with the U S government s infamous Tuskegee syphilis study the role of the U S National Archives in identifying assets looted by the Nazis in the wake of the Holocaust the destruction of public records by the South African government during apartheid s final years the construction of foreign relations of the U S documentary histories the forgery corrupting recordkeeping systems and the collapse of foreign indigenous commercial banks      Strategic Review for Southern Africa ,2006      **South Africa's**

**Post-Apartheid Military** Lindy Heineken,2020-01-01 This timely book examines how the South African National Defence Force has adapted to the country s new security political and social environment since 1994 In South Africa s changed political state how has civilian control of the military been implemented and what does this mean for defence in a democracy This book presents an overview of the security environment how the mission focus of the military has changed and the implications for force procurement force preparation force employment and force sustainability The author addresses other issues such as the effect of integrating former revolutionary soldiers into a professional armed force the effect of affirmative action on meritocracy recruitment and retention military veterans looking at the difficulties they face in reintegrating back into society and finding gainful employment gender equality and mainstreaming the rise of military unions and why a confrontational instead of a more corporatist approach to labour relations has emerged HIV AIDS and the consequences this holds for the military in terms of its operational effectiveness In closing the author highlights key events that have caused the SANDF to become lost in transition and transformation spelling out some lessons learned The conclusions she draws are pertinent for the future of defence security and civil military relations of countries around the world      *Community*

*Psychology* Anthony Naidoo,Jace Pillay,Brett Bowman,2007 Book CD Community Psychology contains a rich diversity of insights and critical debates on the key theoretical analytic teaching learning and action approaches in community psychology The book offers an incisive examination of a range of contextual factors that influence the practice of community psychology in South Africa      **Mandela's World** James Barber,2004 It is unusual for a state to achieve a political revolution by negotiation It is equally unusual for it to transform its status Yet South Africa achieved both in the 1990s after the end of the Cold War The demise of apartheid the release of Nelson Mandela a new constitution leading to a democratic government transformed South Africa s international status from pariah to paragon In the period from 1994 to 1999 the new government set about its tasks at home and abroad with enthusiastic support from the international community However a burden of expectation was imposed on it that it would be an example for other troubled areas to follow and that it would lead an

economic and political revival in Africa It was not all straightforward Mistakes and miscalculations were made and principles were compromised when interests were in conflict Within the ANC itself there was disquiet as the government pursued economic policies influenced by Western market economies Yet the new South Africa succeeded in making a positive contribution both in Africa and in the wider international community In Nelson Mandela it had a leader who by his tolerance charm and wisdom captured the world James Barber's book is the third in a sequence of books which analyse South Africa's foreign policy from 1945 to 1999 North America Ohio U Press      *Annual Report South Africa*. Department of Defence, 2016

Human Rights in the Indian Armed Forces Dr. U C Jha, Dr Sanghamitra Choudhury, 2019-03-18 The military plays an important role in nation building and national security Notwithstanding special requirements of military life the members of the armed forces should enjoy the rights guaranteed in the Constitution and other relevant international human rights treaties which India has ratified to the extent that those rights are available to other citizens of the country The guarantee of a fair trial should apply to all proceedings under the military legal system including summary trial and summary systems of court martial The government must ensure the economic social and cultural rights of military personnel including housing medical care education free legal aid and social security Derogations of the Fundamental Rights under Article 33 should not be carried so far as to create a class of citizens who are not entitled to the benefits of the liberal interpretation of the Constitution This book is aimed at all those who are involved in promoting protecting and enforcing the rights of not only the members of the armed forces but also the other forces engaged in the security of the country It will be of relevance to parliamentarians government officials military authorities and members of the civil society who have a stake in the armed forces      **Guns & Roses: Comparative Civil-Military Relations in the Changing Security Environment** Steven Ratuva, Radomir Compel, Sergio Aguilar, 2019-01-04 This edited volume provides a critical and comparative discussion of the changing synergy between the military and society in the dramatically transforming global security climate drawing on examples from the Asian Pacific African Middle Eastern European and South American regions The book is interdisciplinary and covers wide ranging issues relating to civil military relations democratization regional security ethnicity peace building and peace keeping civilian oversight internal repression gender regime change and civil society
