devices are data gatherers They collect repackage and monetize our questions purchases photographs web surfing to form a
data industry now larger than the oil industry Well over 100 years ago the data industry put in place a business model that
trades our attention for news and entertainment That model has evolved into a complex art and science of message targeting
and content ownership that has splintered communities while simultaneously concentrating media ownership to a few
massive corporations Forged in War takes a critical look at the systems we use and how we ended up in a society that values
data over personal liberty and commerce over the public good It tells a compelling and previously story of how our ideas of
information and knowledge reflect the century of war that has militarized our worldview Author David Lankes s work has
been funded by organizations such as The MacArthur Foundation The Institute for Library and Museum Services NASA The
