Renewable Energy Auctions Anton A. Eberhard, Wikus Kruger, 2023 Renewable energy auctions have become the dominant method for contracting utility scale renewable energy projects in large part due to the cost efficient tariffs secured through this method The ascent of auctions has been particularly rapid and transformative in the Global South where many countries have secured renewable energy supplies at record breaking prices This book analyses the experiences of frontier auction markets in Latin America sub Saharan Africa and India with the aim of improving how auctions are designed and implemented globally The book goes beyond the topic of auction design which is concerned with the micro economics of design choices to include auction implementation *AIIMS Annual Report* All-India Institute of Medical Sciences, 2015

Trade Policy Review ,2019 *Deepening EU-Ukrainian Relations* Michael Emerson, Veronika Movchan, 2021-09-07 For Ukraine the signing of the Association Agreement and the DCFTA with the European Union in 2014 was an act of strategic geopolitical significance Emblematic of the struggle to replace the Yanukovych regime at home and to resist attempts by Russia to deny its European choice the Association Agreement is a defiant statement of Ukraine's determination to become an independent democratic state The purpose of this Handbook is to make the complex political economic and legal content of the Association Agreement readily understandable This third edition published seven years since signature of after entry into force of the Agreement's implementation is substantially new in content both updating how Ukraine has been implementing the Agreement and introducing new dimensions including the Green Deal the Covid 19 pandemic cyber security and gender equality The Handbook is also up to date in analysing Ukraine's the development of the Zelensky administration with its unfinished agenda for cutting corruption and reforming the rule of law Two teams of researchers from leading independent think tanks CEPS in Brussels and the Institute for Economic Research and Policy Consulting IER in Kyiv collaborated on this project with the support of the Swedish International Development Agency Sida This Handbook is one of a trilogy examining similar Association Agreements made by the EU with Georgia and Moldova

Education for the Professions in Times of Change Linda Clarke, 2020-12-02 The eminent Harvard educationalist Howard Garner writes a preface to the Place Model within his Good Project Blog which provides a preface to this timely book Professional is a slippery term open to willful abuse misuse and misunderstanding as evidenced by the ways in which this chameleon term can be used as both a compliment and an insult In this book academics from a range of professional fields deconstruct professional and reimagine professionals in an age of rapid change where professionals are both increasingly in demand and frequently under threat Several deploy the lens of Clarke's Place Model to examine professions including teaching midwifery social work journalism and optometry Some papers are empirical and some are based around using the Place Model as a thought experiment All turn a critical eye on professionals and all find them to be like all humans neither devils nor divines Maya Angelou but at their best a combination of two indispensable characteristics trustworthiness and expertise **150**

How China is Reshaping the Global Economy Rhys

Jenkins, 2022-06-16 China's growing economic involvement in Sub Saharan Africa and Latin America has been a source of major controversy The official Chinese position maintains that the growth of bilateral relations is of mutual benefit and provides a good example of South South cooperation Critics on the other hand see the economic relations between China and other developing countries as highly unequal with most of the benefits accruing to China and a few local elites They also point to negative socio economic political and environmental consequences *How China is Reshaping the Global Economy Development Impacts in Africa and Latin America* throws more light on these controversies through a comparative study of China's impact on the two regions It looks not just at bilateral relations between China and the two regions but also analyses the changes in the global economy brought about as a result of the shift in economic activity from North America and Western Europe to Asia This book looks at the factors which led to rapid economic growth in China and the way in which this has affected global manufacturing commodity markets the international presence of Chinese companies and financial flows It examines the different forms of Chinese economic involvement in Sub Saharan Africa and Latin America the main drivers and economic social political and environmental consequences It ends with a comparison of the two regions that highlights the importance of different histories and political and institutional contexts in determining the impacts of China Since the first edition of *How China is Reshaping the Global Economy Development Impacts in Africa and Latin America* China's role in

the global economy has continued to expand and the Chinese government's foreign policy has become more assertive. The global presence of China has been marked by the expansion of the Belt and Road Initiative to almost 150 countries and the trade war between the US and China as well as increased Western concerns over the activities of major Chinese companies such as Huawei. This new edition documents these changes and their implications for SSA and LAC.

The Regulation of Megabanks Katarzyna Parchimowicz, 2022-11-22 Global systemically important banks (G-SIBs) are the largest, most complex, and in the event of their potential failure, most threatening banking institutions in the world. The Global Financial Crisis (GFC) was a turning point for G-SIBs, many of which contributed to the outbreak and severity of this downturn. The unfolding of the GFC also revealed flaws and omissions in the legal framework applying to financial entities. In the context of G-SIBs, it clearly demonstrated that the legal regimes both in the USA and in the EU grossly ignored the specific character of these institutions and their systemic importance, complexity, and individualism. As a result of this omission, these megabanks were long treated like any other smaller banking institutions. Since the GFC, legal systems have changed a lot on both sides of the Atlantic, and global and national lawmakers have adopted new rules applying specifically to G-SIBs to reduce their threat to financial stability. This book explores whether the G-SIB specific regulatory frameworks are adequately tailored to their individualism in order to prevent them from exploiting overly general rules as they did during the GFC. Analyzing the specific character and individualism of G-SIBs in relation to their history, normal functioning, as well as their operations during the GFC, this book discusses transformation of banking systems and the challenges and opportunities G-SIBs face, such as Big Tech competitors, climate-related requirements, and the COVID-19 pandemic. Taking a multidisciplinary approach which combines financial aspects of operations of G-SIBs and legal analysis, the book describes G-SIB oriented legal frameworks of the EU and the USA and assesses whether G-SIB individualism is adequately reflected, analyzing trends in supervisory action when it comes to discretion in the G-SIB context, all in order to contribute to the ongoing discussions about international banking law, its problems, and potential remedies to such persistent flaws.

The Enslaved and Their Enslavers Edward Pearson, 2023-09-19 In *The Enslaved and Their Enslavers*, Edward Pearson offers a sweeping history of slavery in South Carolina from British settlement in 1670 to

the dawn of the Civil War For enslaved peoples the shape of their daily lives depended primarily on the particular environment in which they lived and worked and Pearson examines three distinctive settings in the province the extensive rice and indigo plantations of the coastal plain the streets workshops and wharves of Charleston and the farms and estates of the upcountry In doing so he provides a fine grained analysis of how enslaved laborers interacted with their enslavers in the workplace and other locations where they encountered one another as plantation agriculture came to dominate the colony The Enslaved and Their Enslavers sets this portrait of early South Carolina against broader political events economic developments and social trends that also shaped the development of slavery in the region For example the outbreak of the American Revolution and the subsequent war against the British in the 1770s and early 1780s as well as the French and Haitian revolutions all had a profound impact on the institution s development both in terms of what enslaved people drew from these events and how their enslavers responded to them Throughout South Carolina s long history enslaved people never accepted their enslavement passively and regularly demonstrated their fundamental opposition to the institution by engaging in acts of resistance which ranged from vandalism to arson to escape and on rare occasions organizing collectively against their oppression Their attempts to subvert the institution in which they were held captive not only resulted in slaveowners tightening formal and informal mechanisms of control but also generated new forms of thinking about race and slavery among whites that eventually mutated into pro slavery ideology and the myth of southern exceptionalism

Stopping Oil Sophie Bond, Amanda Thomas, Gradon Diprose, 2023-01-20 Lessons learned from the powerful climate justice campaign in Aotearoa New Zealand Stopping Oil dives into the story of how deep sea oil exploration became politicized in Aotearoa New Zealand how community groups mobilized against it and the backlash that followed It is also a story of activists exercising an ethic of care and responsibility and how that solidarity was masked and silenced by the neoliberal state As Aotearoa New Zealand began to pursue deep sea oil as part of its development agenda a powerful climate justice campaign emerged comprising a range of autonomous Oil Free groups around the country NGOs like Greenpeace and iwi and hap M ori tribal groups As their influence increased the state employed different tactics to silence them starting with media representations designed to delegitimize followed by securitization and surveillance that controlled their activities and

finally targeted state sanctioned violence and dehumanization By highlighting geographies of hope for radical progressive change the authors focus on the many examples of the campaign where solidarity and political responsibility shone through the repression leading us towards a brighter future for climate justice across the globe China's Belt and Road Initiative The International Institute for Strategic Studies (IISS),2022-12-16 The IISS Strategic Dossier China s Belt and Road Initiative provides a geopolitical and geo economic assessment of President Xi Jinping s flagship foreign policy initiative The dossier explores the Belt and Road Initiative s role in China s domestic industrial strategy and in the country s growing influence around the world It studies how Beijing s ambitions management and financing of the initiative have evolved since its launch in 2013 In addition the volume reflects on the future of China s initiative following the COVID 19 pandemic The dossier is organised around a region by region assessment of what Beijing has sought to achieve in different countries and how the Belt and Road Initiative has played out over time The volume examines recipient countries responses to the Belt and Road Initiative and how these have affected it It also looks at responses from other global and regional powers to China s economic activities around the world and offers thoughts on ways the West might better contend with Beijing s geo economic influence

The Cauldron Rob Weighill,Florence Gaub,2018 Attacking conventional wisdom Weighill and Gaub argue that NATO s intervention in Libya was soundly conceived and executed **New Developments in the Bioarchaeology of Care** Lorna Tilley,Alecia A. Schrenk,2016-08-22 New Developments in the Bioarchaeology of Care evaluates refines and expands existing concepts and practices in the developing field of bioarchaeological research into health related care provision in the past Evidence in human remains that indicates an individual survived with or following a serious pathology suggests this person most likely received some form of care from others This observation was first made half a century ago but it is only in the last five years that health related caregiving has been accepted as a topic for bioarchaeology research In this time interest has grown exponentially A focus on care provides a dynamic framework for examining the experiences of disease and disability in the past at the level of the individual receiving care and that of the community providing it When caregiving can be identified in the archaeological record bioarchaeologists may be able to offer unique insights into aspects of past lifeways This volume represents the work of an international diverse cross disciplinary group of contributors each bringing their own particular focus style and expertise to analyzing past health related care Nineteen chapters offer content that ranges from an introduction to the basic bioarchaeology of care approach through original case studies of care provision to new theoretical perspectives in this emerging area of scholarship This book creates a synergy that challenges our thinking about past health related care behaviors and about the implications of these behaviors for understanding the social environment in which they took place **Rules for Trade in Services 2.0** Gabriel Gari,2024-06-24 This book explores the adapting process of the General Agreement on Trade in Services GATS to a constantly changing trade and policy context The adoption of the General Agreement on Trade in Services GATS a multilateral agreement with stand alone rules and principles for the governance of

trade and investment in services represented a watershed in the history of global trade governance. Over three decades after the drafting of the Agreement, WTO Members struggle to deliver on the GATS mandate to achieve progressively higher levels of trade liberalisation in a radically different trade and policy landscape. Against this background, this book examines the contribution of the WTO negotiating, adjudicative and deliberative functions to adapting the GATS to changing circumstances. The book uncovers an extremely flexible and adaptable agreement whose full potential has yet to be realised due to a complex set of factors weighing more broadly on the use of the WTO functions. The book distils the factors at play that constrain WTO Members' capacity to adapt the Agreement to changing circumstances and explores potential pathways to overcome them. The book will be of interest to scholars, policy makers and trade diplomats interested in understanding the factors and processes conditioning the adaptation of a multilateral trade agreement to changing trade and policy circumstances.
