HOW TO NOT GET SCAMMED AS AN ARTIST

A list of traps, cons, and tips to wiggle out of 'em.

THE RUSH JOB

Scammers will usually be in a huge hurry (ex: my wife's birthday is this weekend!) and pressure you to work quickly for a huge amount of money. Resist the bait.

A VERBAL AGREEMENT

Get that shit in writing! Even for a 5 dollar commission. Request 50% up front before you even pick up a pen. This avoids them ghosting you the second you hit send.

THE TIME WASTER

I now add a 30% revision fee which miraculously cuts down on nitpicky clients who will have you spending extra hours fine tuning it. Kill fees are your friend.

UNSOLICITED MAIL

Hey girlboss! Do you want to be our brand ambassador!? These influencer honeytraps have no intention of paying you. Send them an eggplant emoji and hit block.

PAID IN EXPOSURE

Lol.

NANA'S DEAD DOG

My 'insert-relationship-here's dog has died, can you draw them for free? Pity pleas are gross. This one can be countered with a menu of payable options.

OVERSEAS REQUEST

They are out of the country right now and need an outside shipper. Hand pass. Avoid getting paid with money orders, cashier's cheques, or other bullshit.

THE CHILDREN'S BOOK

They are writing a children's book, and you'll get royalties! Ask to talk to their editor AND publisher. Oh they don't have one yet? Call me back when you do.

PAY TO PLAY

Another trap. A company will offer you followers, likes or growth for a smol fee. Ask to talk to three referrals from artists who have already used them and watch them vanish.

Congress. Senate. Special Committee on Aging,2014 Computer Forensics Robert C. Newman,2007-03-09 Computer Forensics Evidence Collection and Management examines cyber crime E commerce and Internet activities that could be used to exploit the Internet computers and electronic devices The book focuses on the numerous vulnerabilities and threats that are inherent on the Internet and networking environments and presents techniques

and suggestions for corporate security personnel investigators and forensic examiners to successfully identify retrieve and protect valuable forensic evidence for litigation and prosecution The book is divided into two major parts for easy reference The first part explores various crimes laws policies forensic tools and the information needed to understand the underlying concepts of computer forensic investigations The second part presents information relating to crime scene investigations and management disk and file structure laboratory construction and functions and legal testimony Separate chapters focus on investigations involving computer systems e mail and wireless devices Presenting information patterned after technical legal and managerial classes held by computer forensic professionals from Cyber Crime Summits held at Kennesaw State University in 2005 and 2006 this book is an invaluable resource for those who want to be both efficient and effective when conducting an investigation

Great Myths of Aging Joan T. Erber, Lenore T. Szuchman, 2014-10-20 Great Myths of Aging looks at the generalizations and stereotypes associated with older people and with a blend of humor and cutting edge research dispels those common myths Reader friendly structure breaks myths down into categories such as Body Mind and Living Contexts and looks at myths from Older people lose interest in sex to Older people are stingy Explains the origins of myths and misconceptions about aging Looks at the unfortunate consequences of anti aging stereotypes for both the reader and older adults in society

Don't Pay for a Promise! John McHardy, 2000-11-01 Growing out of a project to help the author deal with his own credulity *Don't Pay for a Promise* is a treasure house of information distilled from hundreds of Government publications These publications are constantly being revised and updated and the reader should consult them regularly for the latest facts However because each publication must stand on its own there is a patchwork character to the material and finding answers for a particular situation can take time By capturing the essence of these publications John McHardy has created a powerful resource for anyone who has ever agonized over an offer that seems too good to be true In 14 compact chapters the book deals systematically with the diverse types and guises of consumer fraud offering concrete advice on how to recognize and respond to each of them The first chapter provides information common to all types of fraud and serves as a foundation for the rest of the book The next eleven chapters then cover individual aspects of the subject For example Chapter 2 Identity Theft examines topics that range from simple theft to the less obvious hazards of automatic debit and electronic banking A typical chapter begins with an outline of pertinent laws and regulations and continues with one or more sections on particular issues For example Chapter 3 arranges the broad subject of Contests into three separate sections Within each section the material is organized under a consistent set of paragraph headings These include the promise the scam or deceptive practice warning signs that may distinguish it from a legitimate offer and ways that consumers can protect themselves or at least minimize their losses The book concludes with two chapters of reference material Chapter 13 detailing the many organizations that can offer help in the fight against fraud and Chapter 14 containing the full text of FTC Telemarketing Sales Rule

House Reports, 1924 **Professional News Reporting** Bruce Garrison, 2013-11-05 Because
