Polycom® Touch Control

Telepresence at your fingertips

The intuitive solution for accelerating Unified Communications (UC) and system optimization throughout your organization. The Polycom® Touch Control provides instant solutions to highly complex touch-screen issues that enables users to quickly resolve problems, take their complicated interface at technical support. By simplifying user experience of collaboration and allowing participants to focus on their meeting, the Polycom® Touch Control solution goes beyond other touch and navigation technologies and adds controls that make user operations more precise than the others.

Conference with confidence

The Polycom® Touch Control interface is ideal for enterprise, virtual and institutional multi-user environments, and any other group working together and more efficient collaboration. Featuring a high-resolution display that provides a tactile response and easy navigation, the Polycom® Touch Control solution gives users the control of aspects of their collaboration adjusted for meeting/working languages, allowing users to view content.

Users can easily control the meeting using a series of touch gestures, including zoom, pan, scroll, and other gestures that make it easy to move information. The Polycom® Touch Control solution works with the Polycom® HDX and RealPresence® Group Series (with enterprise edition) and can be integrated with Microsoft® Exchange® servers or other calendar applications.

The Polycom® Touch Control offers multiple options for integration with existing video or voice systems (H.264 or H.265) and can be used with any content on the Touch Control via Polycom® content or on the video screen. It also supports playback from HDX RealPresence Conference and Touch Control.

Easy to use and deploy

The Polycom® Touch Control Series provides users with a simple, intuitive interface that is easy to use and deploy. The interface is easy to use and deploy, and can be used with any content on the video screen. It also supports playback from HDX RealPresence Conference and Touch Control. The interface is easy to use and deploy, and can be used with any content on the video screen. It also supports playback from HDX RealPresence Conference and Touch Control.

Benefits

- Reduced time and complexity in managing and controlling user experience through a highly intuitive interface
