**Pontypool Changes Everything** Tony Burgess,2010-12-15 A compelling terrifying story of a devastating virus You catch it in conversation and once it has you it leads you into another world where the undead chase you down the streets

*Pontypool Changes Everything : Movie Edition* ,2009 The compelling terrifying story of a devastating virus Have you ever imagined what it would be like to kill someone Wondered in your darkest secret thoughts about the taste of human flesh What if you woke up and began your morning by devoting the rest of your life to a murderous rampage a never ending cannibalistic spree And what if you were only one of thousands who shared the same compulsion Well today s your lucky day in fact by this afternoon the predators will outnumber the prey Pontypool Changes Everything includes a new afterword by Tony Burgess about the adaptation and filming of the motion picture Pontypool

The Digital Age Detective Brendan Riley,2017-06-09 Imagining the figure of the fictional detective as an archetype in the study of modern culture the author argues that contemporary detective fiction can help us better comprehend fundamental shifts of the Digital Age in communication family entertainment society even the way we think as individuals The nature of the detective story itself models how we build and share knowledge Drawing on concepts from literature and media studies the author reveals clues about modern phenomena like conspiracy theory groupthink and the nature of our digital identities

*Hermeneutica* Geoffrey Rockwell,Stefan Sinclair,2022-06-07 An introduction to text analysis using computer assisted interpretive practices accompanied by example essays that illustrate the use of these computational tools The image of the scholar as a solitary thinker dates back at least to Descartes Discourse on Method But scholarly practices in the humanities are changing as older forms of communal inquiry are combined with modern research methods enabled by the Internet accessible computing data availability and new media Hermeneutica introduces text analysis using computer assisted interpretive practices It offers theoretical chapters about text analysis presents a set of analytical tools called Voyant that instantiate the theory and provides example essays that illustrate the use of these tools Voyant allows users to integrate interpretation into texts by creating hermeneutica small embeddable toys that can be woven into essays published online or into such online writing environments as blogs or wikis The book s companion website Hermeneutica offers the example essays with both text and embedded interactive panels The panels show results and allow readers to experiment with the toys themselves The use of these analytical tools results in a hybrid essay an interpretive work embedded with hermeneutical toys that can be explored for technique The hermeneutica draw on and develop such common interactive analytics as word clouds and complex data journalism interactives Embedded in scholarly texts they create a more engaging argument Moving between tool and text becomes another thread in a dynamic dialogue

Heath Shaeffer, 2016-05-27 Featuring Alasdair Stuart Jaymee Goh Janice Leach Sara Cleto Brittany Warman Kelly Stewart Bruce Boston Alessandro Manzetti and Katherine Heath Shaeffer with art by Courtney Vice     **Beyond the Night** Nadine Farghaly, 2015-09-04 Werewolves witches vampires demons gods zombies and shape shifters these are just a few examples of the monstrous that society is confronted with Most people have some knowledge about these creatures and have had fleeting contact with ghosts fairies vampires and goblins either in their imagination or while reading watching or interacting with other people whether in reality or the online world From Beowulf and Buffy to Freddy Krueger and Frankenstein's Monster this collection highlights different aspects of the monstrous and discusses various ways in which they can be read discussed and understood What does the mother in Beowulf really represent How can the character of Zoey Redbird really be understood What is the importance of memories in Buffy the Vampire Slayer And what should we make of Terry Pratchett's undead creatures And what role does the children friendly vampire play Beyond the Night offers a range of insights into these topics as well as many more It presents the reader with a vast array of old and new creatures in popular culture analysing the significance they have for wider society This collection will also help readers to understand their favourite monsters better in relation to questions concerning sexuality gender social change and otherness     *Selves and Subjectivities* Veronica Thompson, Manijeh Mannani, 2012 As critic Diana Brydon has argued contemporary Canadian writers are not transcending nation but resituating it Drawing together themes of gender and sexuality trauma and displacement performativity and linguistic diversity *Selves and Subjectivities* constitutes a thought provoking response to the question of what it means to be a Canadian P 4 of cover     [The Cambridge Companion to Twenty-First Century American Fiction](#) Joshua Miller, 2021-09-23 Reading lists course syllabi and prizes include the phrase 21st century American literature but no critical consensus exists regarding when the period began which works typify it how to conceptualize its aesthetic priorities and where its geographical boundaries lie Considerable criticism has been published on this extraordinary era but little programmatic analysis has assessed comprehensively the literary and critical theoretical output to help readers navigate the labyrinth of critical pathways In addition to ensuring broad coverage of many essential texts *The Cambridge Companion to 21st Century American Fiction* offers state of the field analyses of contemporary narrative studies that set the terms of current and future research and teaching Individual chapters illuminate critical engagements with emergent genres and concepts including flash fiction speculative fiction digital fiction alternative temporalities Afro futurism ecocriticism transgender queer studies anti carceral fiction precarity and post 9 11 fiction     **Contagious Metaphor** Peta Mitchell, 2013-03-14 The metaphor of contagion pervades critical discourse across the humanities the medical sciences and the social sciences It appears in such terms as social contagion in psychology financial contagion in economics viral marketing in business and even cultural contagion in anthropology In the twenty first century contagion or thought contagion has become a byword for creativity and a fundamental process by which knowledge and ideas are communicated and taken

up and resonates with Andr Siegfried s observation that there is a striking parallel between the spreading of germs and the spreading of ideas In Contagious Metaphor Peta Mitchell offers an innovative interdisciplinary study of the metaphor of contagion and its relationship to the workings of language Examining both metaphors of contagion and metaphor as contagion Contagious Metaphor suggests a framework through which the emergence and often epidemic like reproduction of metaphor can be better understood *Theorising the Contemporary Zombie* Scott Hamilton,Conor Heffernan,2022-05-15

Zombies have become an increasingly popular object of research in academic studies and of course in popular media Over the past decade they have been employed to explain mathematical equations vortex phenomena in astrophysics the need for improved laws issues within higher education and even the structure of human societies Despite the surge of interest in the zombie as a critical metaphor no coherent theoretical framework for studying the zombie actually exists Addressing this current gap in the literature *Theorising the Contemporary Zombie* defines zombiism as a means of theorising and examining various issues of society in any given era by immersing those social issues within the destabilising context of apocalyptic crisis and applying this definition the volume considers issues including gender sexuality family literature health popular culture and extinction **Indie Science Fiction Cinema Today** Kathleen Fernandez-Vander Kaay,Chris Vander Kaay,2018-02-13

Much of 20th century science fiction foretold technological and social developments beyond the year 2000 Since then a key theme has been what happens when the future no one anticipated arrives faster than anyone expected Focusing on 21st century independent science fiction films the author describes a seismic shift in subject matter as society moves into a new technological age Independent films since the millennium are more daring incisive and even plausible in their depiction of possible futures than blockbuster films of the same period Twenty one chapters break down today s subgenres featuring interviews with the filmmakers who created them **The Zombie Movie Encyclopedia, Volume 2: 2000-2010** Peter Dendle,2012-09-18

This is a comprehensive overview of zombie movies in the first 11 years of the new millennium the most dynamic and vital period yet in the history of the zombie genre It serves not only as a follow up to its predecessor *The Zombie Movie Encyclopedia* McFarland 2001 which covered movies from 1932 up until the late 1990s but also as a fresh exploration of what uniquely defines the genre in the 2000s In depth entries provide critical analysis of the zombie as creature in more than 280 feature length movies from 28 countries and filmed on six continents An appendix offers shorter entries for more than 100 shorts and serials *Encyclopedia of the Zombie* June Michele Pulliam,Anthony J. Fonseca,2014-06-19

A fascinating read for anyone from general readers to hardcore fans and scholars this encyclopedia covers virtually every aspect of the zombie as cultural phenomenon including film literature folklore music video games and events The proliferation of zombie related fiction film games events and other media in the last decade would seem to indicate that zombies are the new vampires in popular culture The editors and contributors of *Encyclopedia of the Zombie* *The Walking Dead in Popular Culture and Myth* took on the prodigious task of covering all aspects of the phenomenon from

the less known historical and cultural origins of the zombie myth to the significant works of film and literature as well as video games in the modern day that feature the insatiable relentless zombie character The encyclopedia examines a wide range of significant topics pertaining to zombies such as zombies in the pulp magazines the creation of the figure of the zumbie to subvert decades of censorship by the Comics Code of Authority Humans vs Zombies a popular zombie themed game played on college campuses across the country and annual Halloween zombie walks Organized alphabetically to facilitate use of the encyclopedia as a research tool it also includes entries on important scholarly works in the expanding field of zombie studies

**Basilisk** Matt Wixey, 2025-07-22 A terrifying and unputdownable horror thriller novel of fiendish puzzles compelling mysteries and paranoia about an enigmatic hacker a deadly online game and a cyber weapon that makes people go insane Perfect for readers of Paul Tremblay Neal Stephenson and Mark Z Danielewski's *House of Leaves* and the people who just have to know the answer Alex Webster is an ethical hacker who like most hackers prefers questions to answers So when she and a colleague Jay Morton stumble across a mysterious game created by a shadowy figure known as The Helmsman they are instantly hooked As they solve increasingly bizarre puzzles and uncover The Helmsman's deranged manifesto they are pursued by a sinister group known only as XXX XXXXXXX XXXXXX who will do anything to stop them uncovering the Basilisk a cognitive weapon which makes anyone who understands it lose their mind When Jay disappears as they hone in on the truth of the Basilisk Alex is left trying to piece together what's happened to her friend escape the awful smiling glitch people stalking her every move and solve The Helmsman's final puzzle

**The Playing Field** Paul Vermeersch, Zaffi Gousopoulos, 2001 Collected short fiction and poetry from national award winning writers leaders in new fiction and up and coming authors who have read at the IV lounge in Toronto

**The Cambridge Companion to Popular Fiction** David Glover, Scott McCracken, 2012-04-05 An overview of popular literature from the early nineteenth century to the present day from a historical and comparative perspective

*RE: Reading the Postmodern* Robert David Stacey, 2011-01-14 It would be difficult to exaggerate the worldwide impact of postmodernism on the fields of cultural production and the social sciences over the last quarter century even if the concept has been understood in various even contradictory ways An interest in postmodernism and postmodernity has been especially strong in Canada in part thanks to the country's non monolithic approach to history and its multicultural understanding of nationalism which seems to align with the decentralized plural and open ended pursuit of truth as a multiple possibility as outlined by Jean Fran ois Lyotard In fact long before Lyotard published his influential work *The Postmodern Condition* in 1979 Canadian writers and critics were employing the term to describe a new kind of writing

*RE: Reading the Postmodern* marks a first cautious step toward a history of Canadian postmodernism exploring the development of the idea of the postmodern and debates about its meaning and its applicability to various genres of Canadian writing and charting its decline in recent years as a favoured critical trope

*The Antigone Review*, 2001

**The Post-Zombie** C. Wylie Lenz,, Angela Tenga, Kyle William Bishop, 2025-05-21 The

living dead have come a long way from the shambling corpses depicted by George A Romero While traditional zombie monsters continue to flourish thanks in part to the ongoing popularity of The Walking Dead universe the global community now features reanimated zombies resurrected zombies protagonist zombies robotic zombies romantic zombies fake zombies zombie adjacent monsters and post zombie zombies This collection of scholarly essays considers recent and contemporary examples of zombies in fiction literature popular culture and politics from around the world and makes the case that because of the evolution of the undead the zombie remains an important allegorical feature of horror fiction satire and ideological perspectives
