Traditional Marketing The Offline Style Of Marketing Is Still Prevalent:

Traditional Marketing Lila Diaz, 2015-01-06 Offlinemarketing to local businesses is a revenue source that will never dry up. It benefits both you and the local business owner. As new technologies emerge every month of every year, business owners everywhere are frantic because they are re-wondering if they will be able to keep the doors to their business open. The tried and true advertising methods of the past are not working anymore. Marketing has moved from offline to the broader web of global village which is both advantageous and overwhelming. But still there is something left to talk about: offline marketing. Read to know more: [Why online marketing is such a powerful tool to promote your business.](#) Marcelo Gameiro, a school of thought advocates that the quality of the products and services offered is the most singular factor necessary for a business to advance its prospects. The proponents of this approach believe that once the quality of goods and services is top notch, the client will be happy. They advocate that a satisfied customer will return to order for more of such services or goods. While that may be true, a novel emerging approach notes that although the quality of products and services is crucial, it is not enough to keep a business floating. A business grows, develops, and becomes profitable as its revenue base expands. A satisfied customer will come back, but with marketing strategies in place, one happy customer can reach and persuade 50 others. Thus, excellent quality must go hand in hand with an efficient marketing system to boost a business by creating a wide range of customer outreach. In this book, you can find the best guide to take advantage of one of the most efficient and cheaper ways of doing marketing today. Why marketing is the heart of your business and where is the best vehicle to do marketing today? Why online marketing is the most efficient way of doing marketing today? Why online marketing efforts last longer than others? How can you put your business online for free and other methods too? **MBA in Marketing - City of London College of Economics - 10 months - 100% online / self-paced** City of London College of Economics, Overview: An MBA in Marketing or Master of Business Administration is a degree that will prepare you for leading positions in marketing such as Chief Marketing Officer, Content, What is Marketing, Marketing Management, Marketing Management Philosophies, Marketing Challenges into the Next Century, Marketing and Society, Social Responsibility and Marketing Ethics, Social Criticisms of Marketing, Citizen and Public Actions to Regulate Business Actions Towards Socially Responsible Principles for Public Policy Towards Marketing, Strategic Marketing Planning, The Global Market Place, Business Markets and Business Buyer Behaviour, Market Information and Marketing Research, Core Strategy, Digital Marketing Strategy, Customer Relationship Management, E-Commerce, Fundamentals of Management, and many more.
