Bean,2016-03-10 These letters are in no sense a history except that they contain the truth They were written at the time and within close range of the events they describe Half of the fighting including the brave attack before Fromelles is left untouched on for these pages do not attempt to narrate the full story of the Australian Imperial Force in France They were written to depict the surroundings in which and the spirit with which that history has been made first in the quiet green Flemish lowlands then with a swift sudden plunge into the grim reeking naked desolation of the Somme This book is part of the World War One Centenary series creating collating and reprinting new and old works of poetry fiction autobiography and analysis The series forms a commemorative tribute to mark the passing of one of the world s bloodiest wars offering new perspectives on this tragic yet fascinating period of human history Each publication also includes brand new introductory essays and a timeline to help the reader place the work in its historical context      *Victor Chapman's Letters from France*

(WWI Centenary Series)**

Ian Hamilton,2016-03-10 Only constant observation of civilian Judges and soldier witnesses could have shown me how fallible is the unaided military memory or have led me by three steps to a War Diary 1 There is nothing certain about war except that one side won t win 2 The winner is asked no questions the loser has to answer for everything 3 Soldiers think of nothing so little as failure and yet to the extent of fixing intentions orders facts dates firmly in their own minds they ought to be prepared Conclusion In war keep your own

**A Yankee in the Trenches (WWI Centenary Series)** Robert Derby Holmes, 2020-07-14 I have tried as an American in writing this book to give the public a complete view of the trenches and life on the Western Front as it appeared to me and also my impression of conditions and men as I found them It has been a pleasure to write it and now that I have finished I am genuinely sorry that I

cannot go further On the lecture tour I find that people ask me questions and I have tried in this book to give in detail many things about the quieter side of war that to an audience would seem too tame I feel that the public want to know how the soldiers live when not in the trenches for all the time out there is not spent in killing and carnage As in the case of all men in the trenches I heard things and stories that especially impressed me so I have written them as hearsay not taking to myself credit as their originator I trust that the reader will find as much joy in the cockney character as I did and which I have tried to show the public let me say now that no finer body of men than those Bermondsey boys of my battalion could be found R Derby Holmes Corporal of the 22d London Battalion of the Queen s Royal West Surrey Regiment This book is part of the World War One Centenary series creating collating and reprinting new and old works of poetry fiction autobiography and analysis The series forms a commemorative tribute to mark the passing of one of the world s bloodiest wars offering new perspectives on this tragic yet fascinating period of human history Each publication also includes brand new introductory essays and a timeline to help the reader place the work in its historical context
