**Little Alfred, Another Lost Child** Alfred H. Berger, 2007-11-27 Many readers of this book may feel at a loss to feel the real people and how they felt That is the purpose of telling it the way it was No fakery no embellishments just the raw straight from the hip truth This is not fiction this is fact No deep seated love or caring except for my grandmas and the Shermans may their goodness last for eternity no affection no deep looking into their souls for a little lost child nothing These foster parents were paid and it was a job just like any other job thats all it was for them I have no love or hate for these people it was something that just happened Nothing can change the past it is long gone one can only look back at it and try to remember the good times and forget sorrowful and hurting times This manuscript was submitted to a literary agent who liked it There was just one problem she wanted to change it give it more impact more pizzazz make it stand out even if it meant putting in fiction I didnt and wouldnt go for that If I wanted this manuscript to be fiction with all its embellishments Id write it as such what you will be reading is my life through my eyes as a child with all its warts cuts bruises and ugliness Its not perfect its life

**The Veils of the Seven Skies - Where Order Meets Ecstasy** Chris Tsirkas, 2025-04-09 The Veils of the Seven Skies was born from a personal need to reconstruct the experience of Tragedy not as narrative but as passage In a time where theatre often becomes commentary or spectacle I longed to return to its ritual core a place where sound word and silence become thresholds The work seeks to revive the Sacred in performance not through religion but through the metaphysical weight of form repetition and gesture It is a response to the fragmentation of modern selfhood an offering of self transformation written for a stage that dares to stand still I envision this piece not simply as a play but as a vessel something ancient souls might recognize even if they no longer name it I wrote it so

that it might one day be sung by voices who remember how to breathe between the Worlds The play is a philosophical and theatrical experiment that aims to bridge ancient worlds creating a poetic dialogue between the cultural heights of classical Greece and imperial China Its dramatic verse play merges the structure and philosophical depth of Attic Tragedy with the refined aesthetics and performative precision of traditional Chinese Theatre and Opera Set upon a semi operatic vessel reminiscent of 18th century Italian opera this work creates a unique synthesis of two seemingly distant but profoundly resonant artistic worlds The baroque grandeur of the language and spectacle serves the cosmic scope of this East West symbolical encounter The narrative follows Dionysus the Greek god of wine and ecstatic transformation as he journeys to the Celestial Court of ancient China There his encounter with Princess Lian daughter of the Jade Emperor catalyzes a cosmic dialogue between Eastern discipline and Western spontaneity When the Emperor subjects Dionysus to Five Elemental Trials both cultures must confront their limitations and discover the complementary nature of their seemingly opposed philosophies Through Fire Water Wood Metal and Earth the characters navigate a series of challenges which test not only their physical and spiritual capacities but also their cultural assumptions about order chaos freedom and control The play integrates authentic elements from both traditions the Chorus Choral Odes and dramatic structure of Attic Tragedy alongside the water sleeve techniques shu xi and stylized gestures of Kunqu structural elements of Yuan Zaju and Ming Chuanqi and the codified role types of Peking Opera J ngj Through musicalized verse and detailed choreographic directions this work illuminates universal themes which bind human expression across cultures The play s formal structure honors both traditions while creating something entirely new a theatrical language that speaks to our shared humanity The Veils of the Seven Skies explores timeless questions which have occupied both Eastern and Western philosophical traditions such as How do we balance freedom with form How can tradition embrace change without losing its essence and What happens when seemingly opposite forces discover their shared humanity These questions unfold through characters who embody philosophical principles while remaining emotionally compelling their personal journeys reflecting the larger cultural synthesis at the heart of this work This theatrical experiment demonstrates how Dionysian ecstasy and Eastern harmony can converse in a shared theatrical language transcending time and geography in order to explore the essential balance between chaos and order freedom and form tradition and transformation It stands as both a literary text and a potential performance piece which celebrates the richness of global theatrical traditions a tale of transformation where Seven Veils dissolve revealing the unity beneath our cultural differences The extensive glossary and notes provide context for readers unfamiliar with either tradition making this work accessible to diverse audiences while honoring the depth and complexity of its source material Creative Camera David Brittain,1999 Founded in 1968 Creative Camera has been a forum for influencing the shape and direction of modern photography Song of the Sky Brian Swann,1993 From Library Journal Based on the work of anthropologist collectors this compendium of more than 100 Native American chants and songs revises and updates a prior edition out of

print since 1989 These poems are not translations argues Swann They re versions that have gone through a series of mediations and filters and exist somewhere between the individual lyric voice and a diverse multileveled Native American imaginative mystical identity Whether versions translations or poems whether sung at a Crazy Dance potlatch corn grinding or curative or marriage ceremony whether celebrating buffalo maize red fox or tobacco these works capture the otherness of the primeval spirit of the Native American fusion of natural and supernatural animal and deity Originally performed aloud these verbal artifacts which are sometimes breathtakingly pure sometimes obscure reveal that there can be no conventional or single notion of the Indian

**Dawn Light: Dancing with Cranes and Other Ways to Start the Day** Diane Ackerman, 2009-09-28 A celebrated storyteller poet naturalist explores a year of dawns in her most personal book to date In an eye opening sequence of personal meditations through the cycle of seasons Diane Ackerman awakens us to the world at dawn drawing on sources as diverse as meteorology world religion etymology art history poetry organic farming and beekeeping As a patient and learned observer of animal and human physiology and behavior she introduces us to varieties of bird music and other signs of avian intelligence while she herself migrates from winter in Florida to spring summer and fall in upstate New York Humans might luxuriate in the idea of being in nature Ackerman points out but we often forget that we are nature for no facet of nature is as unlikely as we the tiny bipeds with the giant dreams Joining science s devotion to detail with religion s appreciation of the sublime Dawn Light is an impassioned celebration of the miracles of evolution especially human consciousness of our numbered days on a turning earth

**Eye of Newt and Toe of Frog, Adder's Fork and Lizard's Leg** Marty Crump, 2015-11-16 From celebrated herpetologist and science writer Marty Crump a beautifully illustrated exploration of the interlinked stories of herp folklore natural history and conservation Frogs are worshipped for bringing nourishing rains but blamed for devastating floods Turtles are admired for their wisdom and longevity but ridiculed for their sluggish and cowardly behavior Snakes are respected for their ability to heal and restore life but despised as symbols of evil Lizards are revered as beneficent guardian spirits but feared as the Devil himself In this ode to toads and snakes newts and tuatara crocodiles and tortoises herpetologist and science writer Marty Crump explores folklore across the world and throughout time From creation myths to trickster tales from associations with fertility and rebirth to fire and rain and from the use of herps in folk medicines and magic as food pets and gods to their roles in literature visual art music and dance Crump reveals both our love and hatred of amphibians and reptiles and their perceived power In a world where we keep home terrariums at the same time that we battle invasive cane toads and where public attitudes often dictate that the cute and cuddly receive conservation priority over the slimy and venomous she shows

how our complex and conflicting perceptions threaten the conservation of these ecologically vital animals Sumptuously illustrated Eye of Newt and Toe of Frog Adder s Fork and Lizard s Leg is a beautiful and enthralling brew of natural history and folklore sobering science and humor that leaves us with one irrefutable lesson love herps Warts scales and all
