Traditions Amp Encounters A Global Perspective On The Past:

Japan and the United States Yukio Okamoto, 2024-12-31 For me Yukio was quite special Prime Ministers sought his counsel valued his advice and were often guided by his views and suggestions Richard L Armitage As one of the most distinguished and gifted Japanese diplomats of his generation Yukio Okamoto navigated the corridors of power at the highest levels In Japan and the United States Okamoto recounts the compelling story of his diplomatic service and his role as a steadfast advocate for strong Japan United States relations during an era of political crises war and fierce economic competition Okamoto was born in 1945 just two months after Japan surrendered to the Allies ending World War II During the war his father served in the infamous Unit 731 a secret research project that committed horrific war crimes in occupied China Okamoto was deeply affected by his country s devastation and his family s shame During his 20 year career in the Japanese Foreign Ministry and after he left government Okamoto was an indispensable advisor to several Japanese prime ministers including Ryutaro Hashimoto Junichiro Koizumi and Shinzo Abe He worked tirelessly to strengthen relations with the United States even as other Japanese government officials advocated for the dismantling of the US Japan Security Alliance The survival of this alliance is due in no small part to Okamoto s influence This book features contributions from former Deputy Secretary of State Richard Armitage and former Assistant Secretary of Defense Joseph S Nye who both worked with Okamoto and share their thoughts on his life career and legacy as an influential friend of the United States

The Material of World History Tina Mai Chen, David S. Churchill, 2015-03-27 This volume considers the confluence of World History and historical materialism with the following guiding question in mind given developments in the field of historical materialism concerned with the intersection of race gender labour and class why is it that within the field of World History historical materialism has been marginalized precisely as World History orients toward transnational socio cultural phenomenon micro studies or global histories of networks Answering this question requires thinking in an inter related manner about both the development of World History as a discipline and the place of economic determinism in historical materialism This book takes the position that historical materialism as applied to the field of World History needs to be more open to the methodological diversity of the materialist tradition and to refuse narrowly deterministic frameworks that have led to marginalization of materialist cultural analysis in studies of global capitalism At the same time World History needs to be more self critical of the methodological diversity it has welcomed through a largely inclusionary framework that allows the material to be considered separately from cultural social and intellectual dimensions of global processes Empire and Popular Culture John Griffiths, 2022-07-30 From 1830 if not before the Empire began to permeate the domestic culture of Empire nations in many ways From consumables to the excitement of colonial wars celebrations relating to events in the history of Empire and the construction of Empire Day in the early Edwardian period most citizens were encouraged to think of themselves not only as citizens of a nation but of an Empire Much of the popular culture of the period presented Empire as

a force for civilisation but it was often far from the truth and rather Empire was a repressive mechanism designed ultimately to benefit white settlers and the metropolitan economy This four volume collection on Empire and Popular Culture contains a wide array of primary sources complimented by editorial narratives which help the reader to understand the significance of the documents contained therein It is informed by the recent advocacy of a four nation approach to Empire containing documents which view Empire from the perspective of England Scotland Ireland and Wales and will also contain material produced for Empire audiences as well as indigenous perspectives The sources reveal both the celebratory and the notorious sides of Empire

Pacific Dream? The Evolution of US Strategic Culture and Alliances in the Indo-Pacific Alin Barbantán, 2024-08-12 This book analyses America's alliances and strategic culture in the Indo Pacific from the Presidency of George W Bush to Joe Biden It advances the notion of the Pacific Dream an American vision for Indo Pacific integration Its historical chapter covers the period from 1951 to 2001 presenting the reader with the evolution of Washington's most successful Indo Pacific alliance network the San Francisco System The chapters that follow analyse every presidency from 2001 onward focusing on defining the Pacific Dream and arguing that the San Francisco System is becoming outdated and slowly replaced by formats like the Quad Quad Plus or AUKUS There is particular attention given to the growing importance American allies have in Washington's Pacific Dream and strategic culture A case is made that American strategic culture is blending with concepts from allied strategic cultures such as Japan Australia or South Korea

The Magic of Concepts Rebecca E. Karl, 2017-03-02 In *The Magic of Concepts* Rebecca E Karl interrogates the economic as concept and practice as it was construed historically in China in the 1930s and again in the 1980s and 1990s Separated by the Chinese Revolution and Mao's socialist experiments each era witnessed urgent discussions about how to think about economic concepts derived from capitalism in modern China Both eras were highly cosmopolitan and each faced its own global crisis in economic and historical philosophy in the 1930s capitalism's failures suggested that socialism offered a plausible solution while the abandonment of socialism five decades later provoked a rethinking of the relationship between history and the economic as social practice Interweaving a critical historiography of modern China with the work of the Marxist trained economist Wang Yanan Karl shows how magical concepts based on dehistoricized Eurocentric and capitalist conceptions of historical activity that purport to exist outside lived experiences have erased much of the critical import of China's twentieth century history In this volume Karl retrieves the economic to argue for a more nuanced and critical account of twentieth century Chinese and global historical practice

Altered Perspectives Sam Woolfe, 2024-12-10 This collection of essays delves into some of the strangest and most profound aspects of the psychedelic experience such as seeing the self as an illusion feelings of deep insight the sublime fear mixed with wonder encounters with DMT entities d j vu and existential joy Drawing on research and

theories from a variety of disciplines Sam Woolfe reflects on the ways that altered states may inform our understanding of consciousness the self and reality Particular attention is paid to the philosophy of psychedelics with the aim of clarifying altered states through the lenses of metaphysics philosophy of mind epistemology aesthetics existentialism and Buddhism In these essays Woolfe balances open mindedness with a critical and sceptical perspective he believes that this approach is necessary when examining psychedelic consciousness

The European Union as a Global Cultural Power Mafalda Dâmaso, 2025-05-19 Although culture is increasingly recognised as a relevant focus of scholarly analysis the European Union EU has not yet been examined as a global cultural power Addressing this gap this book offers a comprehensive overview of the multiple arenas through which the EU has emerged as a major cultural actor beyond its borders Focusing on Culture in Foreign Policy and Development as well as Media and Trade the book gathers an international team of experts to provide a comprehensive analysis of the EU s multifaceted cultural action across various policy fields and regions The book draws together discussions in cultural studies cultural policy international relations media studies and law to ask the following questions What characterises EU cultural and media policies and programmes beyond its borders What are the assumptions and the goals that underlie such policies and programmes Suggesting that the EU is beginning to emerge as an enabling power that supports cultural diversity around the world the volume also reflects on the global role of the EU and contribute to debates regarding the liberal international order by taking a new angle

A Planner's Encounter with Complexity Elisabete A. Silva, 2016-03-16 Spatial planning is about dealing with our everyday environment In A Planner s Encounter with Complexity we present various understandings of complexity and how the environment is considered accordingly One of these considerations is the environment as subject to processes of continuous change being either progressive or destructive evolving non linearly and alternating between stable and dynamic periods If the environment that is subject to change is adaptive self organizing robust and flexible in relation to this change a process of evolution and co evolution can be expected This understanding of an evolving environment is not mainstream to every planner However in A Planner s Encounter with Complexity we argue that environments confronted with discontinuous non linear evolving processes might be more real than the idea that an environment is simply a planner s creation Above all we argue that recognizing the complexity of our environment offers an entirely new perspective on our world and our environment on planning theory and practice and on the raison d tre of the planners that we are A Planner s Encounter with Complexity is organized into 17 chapters It begins with the interplay of planning and complexity from the perspective of contemporary planning theory It continues by critically assessing planning theory and practice in the light of the interdisciplinary debate regarding complexity thinking As the book progresses it positions itself ever closer to the perspective of complexity thinking looking at the planning discipline from the outside in clarifying the facets of complexity and its importance in planning Finally conceptual and theoretical developments towards more applied examples are

identified in order to see the interplay of planning and complexity in practice This book emphasizes the importance of complexity in planning clarifies many of the concepts and theories presents examples on planning and complexity and proposes new ideas and methods for planning

Play Among Books Miro Roman,Alice_ch3n81,2021-12-06 How does coding change the way we think about architecture This question opens up an important research perspective In this book Miro Roman and his AI Alice_ch3n81 develop a playful scenario in which they propose coding as the new literacy of information They convey knowledge in the form of a project model that links the fields of architecture and information through two interwoven narrative strands in an infinite flow of real books Focusing on the intersection of information technology and architectural formulation the authors create an evolving intellectual reflection on digital architecture and computer science

Instrumentalizing the Past Jan Rydel,Stefan Troebst,2022-09-20 In today s world we can point to many international disputes and interstate conflicts fueled by past events Historical resentments or memories of past suffering or fame are often used to justify political economic and even territorial demands Inter state disputes and historical conflicts should be understood as evidence of political and social tensions related to active serious differences in the assessment of the common past The book explains the role of such conflicts in international relations and suggests ways of classifying them It presents examples of the internationally relevant instrumentalisation of history from different regions of the world and outlines ways of overcoming them

International Handbook of Children, Media and Culture Kirsten Drotner,Sonia Livingstone,2008-02-19 This essential volume brings together the work of internationally renowned researchers each experts in their field in order to capture the diversity of children and young people s media cultures around the world Why are the media such a crucial part of children s daily lives Are they becoming more important more influential and in what ways Or does a historical perspective reveal how past media have long framed children s cultural horizons or perhaps how families however constituted have long shaped the ways children relate to media In addressing such questions the contributors present detailed empirical cases to uncover how children weave together diverse forms and technologies to create a rich symbolic tapestry which in turn shapes their social relationships At the same time many concerns even public panics arise regarding children s engagement with media leading the contributors also to inquire into the risky or problematic aspects of today s highly mediated world Deliberately selected to represent as many parts of the globe as possible and with a commitment to recognizing both the similarities and differences in children and young people s lives from China to Denmark from Canada to India from Japan to Iceland from the authors offer a rich contextualization of children s engagement with their particular media and communication environment while also pursuing cross cutting themes in terms of comparative and global trends Each chapter provides a clear orientation for new readers to the main debates and core issues addressed combined with a depth of analysis and argumentation to stimulate the thinking of advanced students and established scholars Since children and young people are a focus of study across different disciplines the volume is

thoroughly multi disciplinary Yet since children and young people are all too easily neglected by these same disciplines this volume hopes to accord their interests and concerns they surely merit United States Army Aviation Digest ,1978

Psychological Perspectives on Religion and Religiosity Benjamin Beit-Hallahmi,2014-08-21 Is religion to blame for deadly conflicts Should religious behaviour be credited more often for acts of charity and altruism In what ways are religious and spiritual ideas practices and identities surviving and changing as religion loses its political power in those parts of the world which are experiencing increasing secularization Written by one of the world s leading authorities on the psychology of religion and social identity Psychological Perspectives on Religion and Religiosity offers a comprehensive and multidisciplinary review of a century of research into the origins and consequences of religious belief systems and religious behaviour The book employs a unique theoretical framework that combines the new cognitive evolutionary psychology of religion examining the origins of religious ideas with the old psychology of religiosity which looks at correlates and consequences It examines a wide range of psychological variables and their relationship with religiosity It also provides fresh insights into classical topics in the psychology of religion such as religious conversion the relevance of Freud s ideas about religion and religiosity the meaning of secularization and the crucial role women play in religion The book concludes with the author s reflections on the future for the psychology of religion as a field Psychological Perspectives on Religion and Religiosity will be invaluable for academic researchers in psychology sociology anthropology political science economics and history worldwide It will also be of great interest to advanced undergraduate students and graduate students across the social sciences **The Future of Art in a Postdigital Age** Mel Alexenberg,2011-04-27 In The Future of Art in a Postdigital Age artist and educator Mel Alexenberg offers a vision of a postdigital future that reveals a paradigm shift from the

Hellenistic to the Hebraic roots of Western culture He ventures beyond the digital to explore postdigital perspectives rising from creative encounters among art science technology and human consciousness The interrelationships between these perspectives demonstrate the confluence between postdigital art and the dynamic Jewish structure of consciousness Alexenberg s pioneering artwork a fusion of spiritual and technological realms exemplifies the theoretical thesis of this investigation into interactive and collaborative forms that imaginatively envisages the vast potential of art in a postdigital future *Affect, Space and Animals* Jopi Nyman,Nora Schuurman,2015-11-19 In recent years animals have entered the

focus of the social and cultural sciences resulting in the emergence of the new field of human animal studies This book investigates the relationships between humans and animals paying particular attention to the role of affect space and animal subjectivity in diverse human animal encounters Written by a team of international scholars contributions explore current debates concerning animal representation performativity and relationality in various texts and practices Part I explores how animals are framed as affective through four case studies that deal with climate change human bovine relationships and human horse interaction in different contemporary and historical contexts Part II expands on the issue of relationality and

locates encounters within place mapping the different spaces where human animal encounters take place Part III then examines the construction of animal subjectivity and agency to emphasize the way in which animals are conscious and sentient beings capable of experiencing feelings emotions and intentions and active agents whose actions have meaning for the animals themselves This book highlights the importance of the ways in which affect enables animal agency and subjectivity to emerge in encounters between humans and animals in different contexts leading to different configurations It contributes not only to debates concerning the role of animals in society but also to the epistemological development of the field of human animal studies

Work 3.0 Avik Chanda,2023-04-24 What will the worker workplace and work itself look like in the future Work 3 0 tackles this and some of the other most pressing and complex questions of the present age head on Avik Chanda and Siddhartha Bandyopadhyay employ rigorous research supplemented with industry reports business case studies expert interviews anecdotes their personal expertise and insights to present a rich multi disciplinary brew that spans economics statistics public policy history sociology psychology law political science literature and philosophy Highly ambitious in scope astonishingly rich in analytical detail and far reaching in its conclusions the book will change the way you think about the future and how the past and present still shape it Conceived as the ultimate future of work preparation guide this book is essential reading for our tenuous and unpredictable times

The Logic of Intersubjectivity Darren M. Slade,2020-08-27 To survey harsh criticisms against Brian Douglas McLaren 1956 readers gain the inaccurate impression that he is a heretical relativist who denies objective truth and logic While McLaren s inflammatory and provocative writing style is partly to blame this study also suspects that his critics base much of their analyses on only small portions of his overall corpus The result becomes a caricature of McLaren s actual philosophy of religion What is argued in this book is that McLaren s philosophy of religion suggests a faith based intersubjective relationship with the divine ought to result in an existential appropriation of Christ s religio ethical teachings When subjectively internalized this appropriation will lead to the assimilation of Jesus kingdom priorities thereby transforming the believer s identity into one that actualizes Jesus kingdom ideals The hope of this book is that by tracing McLaren s philosophy of Christian religion future researchers will not only be able to comprehend and perhaps empathize with McLaren s line of reasoning but they will also possess a more nuanced discernment of where they agree and disagree with his overall rationale
