Marketing Briefs: A Revision and Study Guide Sally Dibb, 2012-08-21 Complementing Dibb and Simkin's established reputation in their field, this text presents a punchy overview of the leading 50 themes of marketing, each concisely summarized for revision purposes or quick learning. From understanding customers, branding and positioning, relationship marketing, social responsibility, through to value based marketing and one to one marketing, this book covers all the issues the modern marketer must address. The text itself is organized into short, structured chapters: the Briefs, each including Core definitions, A bulleted key point overview, Thorough yet concise explanation of the concept and primary issues, Illustrative examples, A selection of examination style case essay and applied questions, Recommended further reading and sources. Together, these offer a rounded, concise and topical appreciation of each theme within a clear and accessible framework designed to aid revision.
