take years upon years to master But don t let that discourage you from even trying I will guide you step by step through the fundamentals of sushi and teach you how to take that skill and make it your own My twenty plus years of training as a sushi chef originally started from my dad who s owned and operated a Japanese restaurant for more than thirty five years He taught me all the fundamentals and guided me throughout the first part of my sushi career I then started my own sushi catering company which I operated for more than ten years During this time I have had the pleasure of working with so many amazing clients I ve also had countless opportunities to teach how to make sushi and I noticed there was a gap between people who wanted to make sushi but didn t know how to even start scared to even That is the reason why I decided to write this book to share my knowledge and teach the proper fundamentals to those who are curious about making sushi Because as intimidating as it may be making sushi is actually quite easy to do at home To those who didn t know where to start well you chose the right book and I m excited for you This is the start line I have compiled years of my experience and simplified it into this one single book so that it can be a gateway to your sushi journey Whether your goal is to make your favorite sushi at home impress your family and friends with your own sushi creations or practice to become a professional sushi chef this book will help you accomplish those goals You ll find many of my personal recipes in this book however this is not just a recipe book More so it is a skills development book that skill being the art of sushi Sushi is a unique and amazing cuisine where once you have the basics down you can let your imagination take over Take a sushi roll for example I can share hundreds of recipes on all different types of rolls and make this book four hundred plus pages but the fundamental techniques for each are very similar Sure there s slight differences which I do teach but most of it just takes repetition and practice My goal is to teach you the fundamentals of making sushi which will allow you to confidently take that skill and dive into the art of sushi on your own The beauty of sushi especially making it at home is in the endless possibilities and the fact that you can do whatever you want If you give a man a fish you feed him for a day If you teach a man to fish you feed him for a lifetime Yes **All Under Heaven** Carolyn Phillips, 2016-08-30 A comprehensive contemporary portrait of China's culinary pun intended landscape and the geography and history that has shaped it with more than 300 recipes Vaulting from ancient taverns near the Yangtze River to banquet halls in modern Taipei All Under Heaven is the first cookbook in English to examine all 35 cuisines of China Drawing on centuries worth of culinary texts as well as her own years working eating and cooking in Taiwan Carolyn Phillips has written a spirited symphonic love letter to the flavors and textures of Chinese cuisine With hundreds of recipes from simple Fried Green Onion Noodles to Lotus Wrapped Spicy Rice Crumb Pork written with clear step by step instructions All Under Heaven serves as both a handbook for the novice and a source of inspiration for the veteran chef Los Angeles Times Favorite Cookbooks of 2016 **Vegan Junk Food** Zacchary Bird,2020-09-01 This ebook has a fixed layout and is best viewed on a widescreen full colour tablet Vegan food isn t all steamed tofu kale chips and mung beans The greatest plant based feasts are often dripping in greasy goodness covered in sauce and heavy on the vegan mayo Vegan Junk
