A Very Seductive Body Politic Nicoletta Marini Maio, 2015-10-21 T00:00:00+02:00 This volume maps the multilayered narratives created in cinema on and around Silvio Berlusconi as a means of exploring the age of Berlusconismo The analysis crosses chronological and generic boundaries stretching back to the comedy Italian style which foreshadows the symbolic meanings incarnated by Berlusconi before he actually entered the public stage The book delineates a comprehensive cinematic corpus and focuses on a selection of narrative and documentary films from the proto Berlusconi everyman of *La pi bella serata della mia vita* The Most Wonderful Evening of My Life 1972 by Ettore Scola to the Berlusconi pretext for political self reflection of *Arance e martello* Oranges

Teleologische Erhabenheit der Vernunft bei Kant Paula Mariel Órdenes Azúa, 2023-03-20. Diese Arbeit zeigt, dass die Dualität des mathematischen und dynamischen Erhabenen bei Kant auch dem Zweck der dritten Kritik dient: die Kluft zwischen den Gebieten der Natur und der Freiheit zu schließen. In der Sekundärliteratur zu Kant wird das Erhabene oft als Anhang des Schönen oder aufgrund seiner mehrfachen Dualitäten als Bruch in Kants Ansatz angesehen. Dies geschieht, weil solche Interpretationen die Elemente der Theorie des Erhabenen atomistisch und nicht systematisch rekonstruieren. Im Gegensatz dazu wird in dieser Arbeit mittels der Resonanz der teleologischen Behandlung der Vernunft nicht nur die innere Systematik der dritten Kritik gezeigt, sondern auch die von der gesamten kritischen Philosophie. Die Vernunft als Vermögen der Zwecksetzung zu verstehen in ihrem praktischen und theoretischen Gebrauch ist keine neue Idee oder neuer systematischer Rekonstruktionsversuch der kritischen Philosophie in der Kantforschung. Das eigentlich Neue in dieser Monografie ist ein Beweis von ihrer teleologischen Einheit aus der ästhetischen Perspektive des paradoxen Gefühls des Erhabenen geleistet zu haben.

The Global Prosecution of Core Crimes under International Law Christopher Soler, 2019-09-18. This book deals with the prosecution of core crimes and constitutes the first comprehensive analysis of the horizontal and vertical systems of enforcement of international criminal law and of their interrelationship. It provides a global jurisprudential exposition in assessing the grounds for refusal of surrender to the International Criminal Court and of extradition to another State. It also offers insights into legal perspectives which improve the prevailing enforcement regimes of various models of criminal justice, including hybrid criminal tribunals, special criminal courts, judicial panels and partnerships, and other budding sui generis judicial and/or prosecutorial institutions. The book espouses a human rights law-oriented critique to the enforcement of domestic, regional and international criminal justice and is aimed at legal practitioners, prosecutors, defence lawyers, magistrates and judges, jurists, criminal justice experts, penologists, legal researchers, human rights activists and law students.

Christopher Soler lectures Maltese criminal law, international criminal law and public international law at the University of Malta. He obtained his Ph.D. from the University of Amsterdam in The Netherlands.

Corey Recko,2024-07-15 When New Mexico became part of the United States the territory contained 295 land grants the largest of these being the Maxwell Land Grant The size and boundaries of the grant were disputed with some believing that much of the land was public domain Settlers on this land were fought not only by the land grant owners but also by a group of corrupt politicians and lawyers known as the Santa Fe Ring most notably Thomas Catron and Stephen Elkins who tried to use the situation for personal profit and land acquisition The fight escalated in late 1875 with the assassination of Reverend F J Tolby an outspoken critic of the Santa Fe Ring In a confession one of the assassins stated that men connected to the ring had paid to have Tolby killed Outrage civil unrest and more murders followed The town of Cimarron alone was the scene of a lynching a barroom gunfight in the St James Hotel involving legendary gunman Clay Allison and a nighttime murder of a prisoner For a time the troubles in New Mexico were ignored by the federal government But in 1878 the murder of John Tunstall set off a wave of violence known as the Lincoln County War Following that a letter came to light that appeared to show that the governor of the territory Samuel B Axtell planned a mass execution of critics of the Santa Fe Ring who he considered to be agitators in the Colfax County troubles Finally officials in Washington took notice and sent Frank W Angel with orders to investigate the violence murders and corruption that plagued the territory Following his investigation Angel concluded It is seldom that history states more corruption fraud mismanagement plots and murders than New Mexico has been the theatre under the administration of Governor Axtell The actions taken as a result of Angel s investigation wouldn t end the violence in New Mexico but they did lead to the end of the Colfax County War A Political Theology of

Adam Smith's musings on the invisible hand became more famous than his work on moral sentiments; social theorists have paid less attention to everyday ethics and aesthetics. Smith's metaphor of the invisible hand posits that social outcomes emerge by dint of the behaviours of individuals rather than their intentions or virtues. Modernist and scientific approaches to determining the common good or good forms of governance have increasingly relied on techniques of generalisation and rationalisation. This shift has meant that we no longer comprehend why and how people display a deep concern for everyday life values in their social practices. People continue to enact these values and live by them while academics lack the vocabulary and methods to grasp them. By reconstructing the history of ideas about everyday life values and by analysing the role of such values in contemporary care practices for patients with chronic disease in the Netherlands, *Reinventing the Good Life* explores new ways to study the values of everyday life, particularly in situations where the achievement of a clear-cut or uniform good is unlikely. The book presents a practice-based epistemology and methodology for studying everyday care practices and supporting their goodness. This analytical approach ultimately aims to generate ideas that will allow us to relate in more.
