

Forces and Motion

To the Tune of "The Locomotion"

A motion is the act of moving back
and forth, now
Come on children, make a little
motion

(children sway arms above heads back and forth)

A motion is the act of moving round
and round, now
Come on children, make a little
motion

(children roll arms around in front of them)

A motion has direction
It moves in a straight line
(children hold both arms out in front of them)

A motion can go fast or slow
because it has speed
So, come on, come on, and do a little
motion with me.
