Using Alliteration And Similes In Poetry:

How to Teach Poetry Writing at Key Stage 3 Pie Corbett, 2013-10-23 *How to Teach Poetry Writing at Key Stage 3* is a practical manual for teachers to be used directly in the classroom. The book begins with a series of poetry games designed to warm up creativity and strengthen the imagination. These are followed by a series of creative poetry workshops based on the writer's own experience both as a teacher and poet running workshops in schools which focus on developing a poetry base for young writers. This imaginative base provides a range of poetic techniques and gives pupils experience in developing a repertoire of different forms. The book also offers advice on how to organize an effective workshop and demonstrates how to teach poetry writing in a dynamic creative and imaginative way in relationship with the KS3 national framework. Pie Corbett also provides useful advice on working with visiting poets in school, addresses for relevant web sites, a list of books for follow up work and a glossary of poetic forms and techniques. Workshops include writing from first hand observation, autobiography, valuing our lives, writing about paintings, sculpture and music, surreal boxes and the bag of words, secrets, lies, wishes and dreams, creating images, taking word snapshots, riddles, hiding the truth and red wheelbarrows and messages for mice.

Poetry Writing Jodene Smith, 2002-06 Poetry writing begins by showing different types of poetry along with a brief description and an example of each. It also provides work sheets, poetry templates and work bank templates that correspond to various types of poems. It provides creative fun poetry projects for your students. Included are a number of ways students can respond to literature using poetry.

Using Mentor Texts to Teach 6 + 1 Writing Traits Beverly A. DeVries, 2022-12-30 In this book you will find a wealth of mini lessons designed to improve the quality of students writing. Each lesson uses a key mentor text and spotlights one of the 6 + 1 Writing Traits to allow students to focus on the essential aspects of good writing: content, organization, word choice, voice, sentence fluency, conventions and presentation. Inviting and practical, the lessons are concise and follow a consistent model for easy implementation. With seven lessons per chapter, each includes step by step guidance, open ended prompts and suggestions for additional suitable mentor texts. The chapters are organized by genre including fiction, informational texts and poetry and feature graphic novels and graphic informational mentor texts to inspire and engage students. Aligned with the Common Core State Standards, this resource is essential for any K-8 or pre-service teacher who wants to instill in their students the skills to become independent confident writers.

Environment Poetry Andrew Frohish, 2012-10-19 This is a great new resource that provides a selection of poems, lesson plans and worksheets designed to be used by Key Stage 2 teachers in literacy lessons. The poems and lesson plans are based on a variety of environmental issues such as recycling, dramatic weather changes and environmental disasters like oil spills. The book contains 24 lessons with cross-curricular links to support learning in other subject areas. Their interest coincides with the need for schools to raise awareness of environmental concerns and to become more sustainable organisations.
