Un Nouveau Recircve:

Literary Circles in Byzantine Iconoclasm Óscar Prieto Domínguez, 2021-02-04 Explores the literary texts produced during Byzantine Iconoclasm and their use as ideological tools by the main political circles Geometry of the Triangle Jens Carstensen, 2025-06-01 Triangle geometry is a captivating yet often overlooked subject in high school and university curricula This book offers a clear and engaging introduction presenting the fundamental lines points and circles associated with the triangle in an accessible and visually compelling way Theorems and proofs are carefully developed with no steps omitted ensuring clarity and ease of understanding A wealth of full color illustrations enhances the mathematical reasoning making even complex concepts intuitive Requiring only basic knowledge of school geometry this book unveils surprising and elegant connections within triangle geometry Readers will explore key topics including the Euler line nine point circle symmedians halfway points and more each presented in a structured and reader friendly manner With a gentle yet thorough approach the text guides readers through the Simson line mirror triangle Fuhrmann circle splitters cleavers and other remarkable properties of the triangle The unexpected relationships between these elements are revealed in a way that is both engaging and easy to follow This book is an ideal introduction for both students and professional mathematicians offering a visually rich and intellectually rewarding journey into the fascinating world of triangle geometry *The Quarterly Journal of Pure and Applied Mathematics* James Joseph Sylvester, James Whitbread Lee Glaisher, 1885 **Le Corbusier's Formative Years** H. Allen Brooks, 1999-05 In Le Corbusier's Formative Years we learn what made Le Corbusier the person and the designer that he was Using twenty years of research H Allen Brooks has unearthed an incredible wealth of documents that show every facet of the formative years of this influential architect There is much in this fine volume for anyone interested not just in architecture but in the roots of human creativity and in the origins of the most powerful artistic current of our century This book is a life's work of scholarship It has been well spent Toronto Globe and Mail The quarterly journal of pure and applied mathematics, 1884 **Nouveau Dictionnaire François-anglais, Et Anglois-françois. Contenant la Signification Et Les Differens Usages Des Mots, ... De Mr. Louis Chambaud; Corrigé&considérablement Augmenté Par Lui&par Mr. J. B. Robinet** Louis Chambaud, 1776 *Educational Times*, 1889 **An improved dictionary: English and French, and French and English** Edward Weller (of Bruges.), 1863 **The Radical Right in Switzerland** Damir Skenderovic, 2009-09-01 There has been a tendency amongst scholars to view Switzerland as a unique case and comparative scholarship on the radical right has therefore shown little interest in the country Yet as the author convincingly argues there is little justification for maintaining the notion of Swiss exceptionalism and excluding the Swiss radical right from cross national research His book presents the first comprehensive study of the development of the radical right in Switzerland since the end of the Second World War and therefore fills a significant gap in our knowledge It examines the role that parties and political entrepreneurs of the populist right intellectuals and publications

of the New Right as well as propagandists and militant groups of the extreme right assume in Swiss politics and society The author shows that post war Switzerland has had an electorally and discursively important radical right since the 1960s that has exhibited continuity and persistence in its organizations and activities Recently this has resulted in the consolidation of a diverse Swiss radical right that is now established at various levels within the political and public arena

Nathalie Sarraute and the Feminist Reader Sarah Barbour, 1993 Situated at an intersection of feminist critical practice in the United States and feminist cultural theory in France Nathalie Sarraute and the Feminist Reader is an investigation of the way in which this French New Novelist's first eight works in their increasing dramatization of the issue of reading problematize certain feminist literary analyses especially in relation to *l'écriture féminine* After an exploration of the difficulty Sarraute's writing poses for the critical enterprise through a lengthy reading of Sarrautian criticism in the U S and France Sarah Barbour shows how Sarraute's works eventually prohibit any fixed reading and open up instead a space in which we as readers are moved toward a more personal understanding of our use of narrative and of socio sexual constructs in the continual day to day constitution and reconstitution of subjectivity Nathalie Sarraute conceives of the evolution of the novel as a movement through history and thus situates her work within a tradition of psychological realism at the same time that she proposes radical innovations of the tradition Her novels do not discard or revise past works but rather internalize them in an effort to expand the notion of what is possible for psychological realism This study takes as its model Sarraute's example of simultaneity which invites an understanding of time both as a diachronic movement through phases from the psychological realism of Dostoyevski to that of Kafka to her own and as a synchronic encounter that elicits simultaneous relationships to different phases Within the movement of feminist literary criticism scholars have often discerned what are also referred to as phases that is criticism in the United States has moved from its initial concern with images of women in fiction by male writers to a desire to establish a feminine tradition of women's writing Nathalie Sarraute and the Feminist Reader is not an attempt to claim that Sarraute's work represents *écriture féminine* Reading Sarraute's novels in their evolution Sarah Barbour has found that they forced her own reading and understanding of this term to evolve She therefore proposes that the novels open up a space that is beyond the frozen shells of gender which continue to bind women and men personally and critically The power of Sarraute's work lies in the solitary experience of our encounter with her presentation and perception of reality In this encounter we are forced to experience the fluid nature of subjectivity that is to internalize and explore differences within personal and sexual identity that by extension affect the identity of larger political movements

Circles of Learning Jenny Mander, 1999 By according a central place to the history of reading *Circles of learning* radically rethinks the nature of first person narrative during this period and reconsiders its relation to the autobiographical discourse Jenny Mander argues that to understand better both the history of the novel and that of the autobiography we need first to examine the position of the modern reader

The study begins with a critical analysis of Genettian narratology in order to foreground a number of important presuppositions of twentieth century reading practices and it goes on to show how these have shaped modern criticism of past texts Through a detailed examination of eighteenth century prefatory discourse and Marivaux's concept of personal style as put forward in his journalistic writings Jenny Mander demonstrates how twentieth century interpretations can be brought into question by the eighteenth century novel itself Adducing models of good reading promoted by pedagogic literature and art as well as by specific scenes of reading within many novels she is able to ground an alternative analysis of Marivaux's *Paysan parvenu* and Prevost's *Memoires d'un homme de qualite* in the practices of eighteenth century readers drawing further support from contemporary reviews This challenging study concludes by showing not only how Prevost's writing sets these practices in yet clearer relief but also how he points to and participates in their transformation Offering a fresh perspective on first person narrative at a formative moment in the history of the French novel *Circles of leaning* will interest scholars and theorists of modern prose fiction and autobiography as well as those specialising in eighteenth century literature

Beware the Stranger Peter Noble, 2021-09-13 The stranger survenant represents an important theme in Quebec literature of the second half of the twentieth century This book analyses the role of the survenant in five major novels dating from 1945 to 1992 and shows how the theme is constantly reworked and revitalised by the authors selected The arrival of a survenant in a community brings to the surface the conflicts and tensions which had been latent The consequences can be tragic for all concerned At the least the community is changed forever This is the first study of the way in which different Quebecois authors treat the survenant and should be of interest to all students of Quebec literature and culture

William Falconer,1830 **Histories of Trade as Histories of Civilisation** Antonella Alimento,Aris Della

Fontana,2021-12-16 This edited collection explores the histories of trade a peculiar literary genre that emerged in the context of the historiographical and cultural changes promoted by the *histoire philosophique* movement It marked a discontinuity with erudition and antiquarianism and interacted critically with universal history By comparing and linking the histories of individual peoples within a common historical process this genre enriched the reflection on civilisation that emerged during the long eighteenth century Those who looked to the past wanted to understand the political constitutions and manners most appropriate to commerce and grasp the recurring mechanisms underlying economic development In this sense histories of trade constituted a declination of eighteenth century political economy and thus became an invaluable analytical and practical tool for a galaxy of academic scholars journalists lawyers administrators diplomats and government ministers whose ambition was to reform the political social and economic structure of their nations Moreover thanks to these investigations a lucid awareness of historical temporality and more particularly the irrepressible precariousness of economic hegemonies developed However as a field of tension in which multiple and even divergent intellectual sensibilities met this literary genre also found space for critical assessments that focused on the ambivalence and dangers of commercial civilisation Examining the complex relationship between the production of wealth and civilisation this book provides unique insights for scholars of political economy intellectual history and economic history *Theophile Gautier, Orator to the Artists* James Kearns,2017-12-02 Theophile Gautier a envoye avec un feuilleton plus de trois mille personnes dans l'atelier de M Ingres wrote Champfleury in 1848 For artists critics and readers alike Gautier was the essential figure in French art journalism in the mid nineteenth century During the short lived but pivotal period of the Second Republic when the new administration was committed to reforming all the institutions of the fine arts Gautier deployed the full resources of his brilliant flexible and authoritative writing to support and direct these developments in ways compatible with his commitment to an idealist aesthetic itself under growing pressure from alternative trends in an increasingly competitive art market This first study of all Gautiers art journalism written during the Second Republic provides a long overdue reassessment of Gautiers importance in French nineteenth century visual culture **Marguerite de Navarre** Emily Butterworth,2022 A new exploration of the complexities and resolutions at play in the writings of Marguerite de Navarre offering insights into how her work reflected the turbulence uncertainties and assurances of her historical period Marguerite de Navarre was a Renaissance princess diplomat and mystical poet She is arguably best known for *The Heptameron* an answer to Boccaccio's *Decameron* a brilliant and open ended collection of short stories told by a group of men and women stranded in a monastery The stories explore love desire male and female honour individual salvation and the iniquity of Franciscan monks while the discussions between the storytellers enact and embody the tensions ideologies and prejudices underlying the stories

Marguerite herself was deeply involved in the debates and conflicts of her time. Her work reflects the turbulence, uncertainties, and assurances of her historical period as the Renaissance reimagined the past and the Reformation remade the church and represents her original and sometimes provocative position on these questions. This book presents *The Heptameron* and its investigations into gender relations, the nature of love, and the nature of religious faith in the context of the intellectual, religious, and political questions of the sixteenth century, setting it alongside Marguerite's other writings: her poetry, plays, and diplomatic letters. In chapters on communities, religion, politics, gender relationships, desire, and literary technique, it explores the complexities and resolutions of Marguerite's writing and her world. It aims to offer a guide to the critical tradition on Marguerite's work along with new readings of her texts, revealing both the historical specificity of her writing and its continuing relevance.
