Pearson,2002-10-14 Selected by Choice Magazine as an Outstanding Academic Title In Port Cities and Intruders historian Michael Pearson explores the role of port cities and their orientation relations between the coast and the interior the place of the coast in the world economy and the impact of the Portuguese in the early modern period *The Archaeology of Africa* Bassey Andah,Alex Okpoko,Thurstan Shaw,Paul Sinclair,2014-05-22 Africa has a vibrant past It emerges from this book as the proud possessor of a vast and highly complicated interweaving of peoples and cultures practising an enormous diversity of economic and social strategies in an 2xtraordinary range of environmental situations At long last the archaeology of Africa has revealed enough of Africa s unwritten past to confound preconceptions about this continent and to upset the picture inferred from historic written records Without an understanding of its past complexities it is impossible to grasp Africa s present let alone its future **Archives, Objects, Places and Landscapes** Manyanga, Munyaradzi,Chirikure, Shadreck,2017-04-11 Dissatisfaction has matured in Africa and elsewhere around the fact that often the dominant frameworks for interpreting the continent s past are not rooted on the continent s value system and philosophy This creates knowledge that does not make sense especially to local communities The big question therefore is can Africans develop theories that can contribute towards the interpretation of the African past using their own experiences Framed within a concept revision substrate the collection of papers in this thought provoking volume argues for concept revision as a step towards decolonizing knowledge in the post colony The various papers powerfully expose that cleansed knowledge is not only locally relevant it is also locally accessible and globally understandable *A Mixed Pot* Elizabeth MacGonagle,2002 **Caves, Monuments and Texts** Gilbert Pwiti,1997
