infrastructure projects are a sideshow OBOR is primarily a campaign to restore an ancient model in which foreign emissaries paid tribute to the Chinese emperor offering gifts in exchange for political patronage Xi sees himself as a sort of modern day emperor determined to restore China's past greatness Many experts assume that Xi's nakedly neo imperial scheme couldn't possibly work Freymann shows how wrong they are China isn't preying on victims Freymann argues It's attracting willing partners including Western allies from Latin America to Southeast Asia to the Persian Gulf Even in countries where OBOR megaprojects fail Freymann finds that political leaders still want closer ties with China Freymann tells the monumental story of Xi's project on the global stage Drawing on primary documents in five languages interviews with senior officials and on the ground case studies from Malaysia to Greece Russia to Iran Freymann pulls back the veil of propaganda about OBOR giving readers a page turning world tour of the burgeoning Chinese empire a guide for understanding China's motives and tactics and clear recommendations for how the West can compete **The Transformation of Title IX** R.
