Brennan,2015-11-28 Worldwide postal operators have been slow to address the threats from and opportunities created by electronic competition The European Commission and member states are wrestling with these issues while at the same time continuing to deal with the interrelated issues of implementing entry into postal markets and maintaining the universal service obligation The Postal Accountability and Enhancement Act of 2006 in the U S exacerbated financial and managerial problems faced by USPS that result in part from electronic substitution for letter delivery A major aim of this book is to examine policies to address postal operations in a digital world and ways in which postal operators might reinvent themselves to respond to threats and exploit opportunities Potential opportunities examined include parcels e commerce digital delivery regulatory innovations and pricing This book will be of interest to postal operators regulatory commissions consulting firms competitors and customers experts in the postal economics law and business and those charged with the responsibility for designing and implementing postal sector policies Researchers in regulatory economics transportation technology and industrial organization will also find considerable food for thought in this volume *Congressional Record* ,

Hansard's Parliamentary Debates Great Britain. Parliament,1886 The Future of Microfinance Ira W. Lieberman,Paul DiLeo,Todd A. Watkins,2020-06-30 A major source of financing for the poor and no longer a niche industry Over the past four decades microfinance the provision of loans savings and insurance to small businesses and entrepreneurs shut out of traditional capital markets has grown from a niche service in Bangladesh and a few other countries to a significant global source of financing Some 200 million people globally now receive support from microfinance institutions with most of the recipients in the developing world In the beginning much of the microfinance industry was managed by non governmental organizations but today the majority of these institutions are commercial and regulated by governments and they provide safe places for the poor to save as well as offering much needed capital and other financial services Now out of infancy the microfinance industry faces major challenges including its ability to deal with mobile banking and other technology and concerns that some markets are now over saturated with microfinance How the industry deals with these and other challenges will determine whether it will continue to grow or will be subsumed within the larger global financial sector This book is based on the results of a workshop at Lehigh University among thirty four leaders in the industry The editors working with contributions from more than a dozen leading authorities in the field tell the important story of how microfinance developed how it has met the needs of hundreds of millions of people and they address key questions about how it can continue to meet those needs in the future *International Arbitration: Law and Practice in Switzerland* Gabrielle Kaufmann-Kohler,Antonio Rigozzi,2015 This third edition and the first in English of the globally cited Arbitrage International Droit et Pratique la Lumi re de la LDIP provides complete guidance on arbitration law and practice relating to Switzerland from two of the leading authorities on Swiss practice **Annual Report of the Postmaster General** United States.
