*Searching for the Postmark* Jeff Donovan, 2003 Can one place help two people come to terms with the past and can a series of long distance letters provide the basis for a future Reaching out into Lake Michigan the slender peninsula of Door County Wisconsin is a place of idyllic beauty and rustic charm of sailboats and sunsets dormant cherry orchards and dry docked wooden fishing boats It is a place Brian Bailey loves and tries to escape to But the quaint tourist towns quiet back roads and weathered gray barns offer little respite from his memories Memories never known bring Colleen O Connell from Arizona to The Door in search of the places her brother held dear Hoping to find remembrance in a place she s never been she finds instead an old farmhouse perched atop a hill The story of two people brought together by the very distance that separates them *Searching for the Postmark* asks difficult and uniquely human questions about what it means to live love and die and how the fellowship of family helps us find meaning in the fleeting nature of our existence From the remembrance and longing of autumn to the excitement and hope of spring Brian and Colleen s journey through the seasons tells a story of holding on and letting go of memories kept and created of letters sent and unsent A beautifully descriptive and deeply introspective testament to the power of people and place *Searching for the Postmark* is a summer read that will stay with you into fall and winter What I hope to have written writes author Jeff Donovan is a book that in addition to telling a nice story will also give the reader pause to think and reflect on the death of a loved one and on that from which we draw meaning in our lives A thought provoking love story about accepting the loss of a loved one *Searching for the Postmark* will appeal to anyone who finds special meaning in the dream of Door County and have meaning for anyone who has lost a special loved one

**The Post-Marked World** Sumit Chakrabarti, Krystyna Kujawińska Courtney, 2013-07-29 It is a cliché now to claim that we live in a post marked world and indeed the post isms are some of the most used and abused expressions in the language In a general sense the various kinds of post isms are regarded as a rejection of a prevailing number of cultural certainties on which our life in the so called Western world has been structured since the eighteenth century Engaging with the post isms can be regarded as both a philosophical and political endeavour which demonstrates among other things the instability of language meaning narrativity and generally any formal systems In the wake of such theoretical aporia this volume represents an investigation in the re thinking of the implications of the term post in current theoretical parlance Is there a politics always already embedded within the post Do we need the post any more Did we in the first place need it at all Is it possible to counter essentialism with the post prefix These are some of the questions the volume raises and explores by examining the post marked terms in the theoretical market The essays included in this volume address different and relevant issues related to the idea of the post and those that are representative of different parts of the globe Thus a reader of the volume will not only have a bird s eye view of the various disciplines where the concept of the post is used but also an eclectic range of contributions about issues that engage with different socio political dynamics from various parts of the

Phil Karber, 2015-11-17 As spring and summer vacations beckon this book invites and incites a whole new approach to travel Postmarks from a Political Traveler is a series of travel recollections confronting the troubling topics of roots and racism polar bears and climate change anti Americanism and the war in Afghanistan The book opens with the story of the author's experience growing up in the Jim Crow South traveling in apartheid South Africa and living in the post apartheid South Africa of 2009 and 2010 It explores the not so dissimilar roots and racism of the United States and South Africa as well as the cross fertilization of ideas between the two countries The next installment chronicles two trips to Churchill Manitoba where the planet's largest population of polar bears congregate each October It recounts the dramatic changes that have occurred in both the human and the polar bear communities in just the last decade and shows how the bears have become an Arctic version of the proverbial canary in the coalmine Then the book shifts to the author's journey back to the United States on a German freighter with a rabidly anti American captain Woven into this account of life aboard a long haul ship are threads of

the author's travels and anti American encounters over a decade of living in Africa and Asia The book concludes with reflections on trips to Afghanistan in 2004 and in 2012 describing the effects of war and conflict zone politics on women education refugees and aid workers What ties these episodes together is the author's commitment to social justice and to changing the world through travel and writing that is affirming travel as a political act **The Race to the Moon**

**Chronicled in Stamps, Postcards, and Postmarks** Umberto Cavallaro, 2018-10-05 The story of the famed race to the Moon between the US and the USSR has been told countless times The strategies of these two superpowers have often been paralleled in a way that highlights their fight for dominance and efforts to develop needed new technologies This book will show how beneath these surface similarities the two competing nations employed very different core tactics It provides a new perspective of the history of the space race by analyzing that history through philately that is from the images on postage stamps post cards and letters in circulation at that time Through this fascinating historical visual record the author shows how the propaganda heavy approach of the USSR eventually lost out to the more pragmatic approach of the United States *The Rotarian*, 1942-12 Established in 1911 The Rotarian is the official magazine of Rotary International and is circulated worldwide Each issue contains feature articles columns and departments about or of interest to Rotarians
