There is no Supreme Constitution Koos Malan,2019-10-04 None of the articles of faith of the South African Constitution is plausible The Constitution is not supreme and entrenched Subject to potent socio political forces it changes continuously and often profoundly regardless of stringent amendment requirements The trite threefold separation of powers is more metaphorical than real and therefore unable to secure effective checks and balances Though institutionally separated with their own personnel and functions the three powers are ordinarily integrated in a single dominant political leadership committed to achieving the same ideological goals The bill of individual rights cannot guarantee justice because rights are subject to the ideologically driven exercise of judicial interpretation often with damaging consequences for those relying on the bill of

rights This situation does not only apply to South Africa but to all Constitutions premised on the same articles of faith in this book described as the doctrine of statist individualist constitutionalism An improved mode of constitutionalism is called for one which is equipped with a sounder system of checks and balances and better endowed towards the achievement of justice through a balanced constitution

**Sociology in South Africa** R. Sooryamoorthy, 2016-08-13 This book is the first comprehensive account of the history and current state of South African sociology Providing a holistic picture of the subject both as it is taught in universities and as a field of research it reveals the trajectories of a discipline in a challenging socio political context With the support of historical and scientometric data it demonstrates how the changing political situation from colonialism to apartheid to democracy has influenced the nature direction and foci of sociological research in the country The author shows how during the apartheid era sociology was professionally fragmented and divided along language and race lines It was however able to flourish with the advent of democracy in 1994 and has become a unique academic movement This insightful work will appeal to students and scholars of the social sciences and all those interested in the history and society of South Africa

*Territorial Governance and Spatial Transformation in Post-apartheid South Africa* Daniel du Plessis, 2025-07-05 The book provides a reflective account of the evolution of the territorial governance structures and processes in South Africa over a period of 30 years after the transition to a post apartheid society in 1994 It also considers the role and influence of these changing governance institutions and processes and their associated outputs in the form of policies and plans on several priority dimensions of urban spatial transformation The synthesis of the experiences and lessons learnt provides the bases for contemplating important future focus areas for territorial governance such as spatial transformation towards smart cities an African perspective for future South African cities and transitioning towards a streamlined integrated territorial governance system The lessons and experiences are not only of local significance in South Africa but also globally in countries and regions faced with territorial governance and spatial transformation challenges
