Dale Johnson, 2020-07-21 When the organization and structure of the church in America was altered in the early 1900s to meet modern demands the role of the pastorate became more specialized to adapt to the burdens of the new efficient structure In 1920 Gaines Dobbins utilized the business efficiency model at Southern Baptist Theological Seminary to formulate a distinct ecclesiology Discontent with traditional methods of instruction in theological education Dobbins sought to implement theories and methodologies from modern educationalists He adopted a psychologized educational methodology and utilized the psychology of religion as an empirical measure of the soul human nature and human behavior Use of the social sciences seemed to grant Dobbins as a practitioner academic respectability within the realm of theological education Both the professionalization that resulted from Dobbins s efficiency standards and a working theory of human nature derived from psychological models were synthesized into a specialized system of pastoral care Dobbins followed the new shape of pastoral theology in America adopting Clinical Pastoral Education CPE as the model for pastoral training As a result CPE became an integral part of the curriculum at Southern Baptist Theological Seminary for over sixty years and spread to influence many other SBC entities

A Pastor's Toolbox Paul A. Holmes, 2014-01-28 Today's parish leaders are expected to be holy and prayerful spiritual guides great preachers and compassionate confessors but also to make important decisions in key areas like finance budgeting hiring and firing fundraising risk management relationship building and more often with virtually no transition or training And with all the requisite education in philosophy and theology they must provide future pastors in addition to formation in priestly spirituality and pastoral care seminaries can do little to prepare priests to deal with the difficult temporal issues pastors face A Pastors Toolbox is designed to help fill that void with valuable information insights and practical tools that pastors need in order to begin handling the complexities of parish management in the twenty first
