

Thank you letter for excellent customer service

I am writing this letter as a humble note of appreciation for the outstanding customer service provided by your junior technician two days back on 3rd March 2014. I was facing the problem of malware attacks in my android Smartphone. I was attended by Mr. Aman Arora, working as junior technician in your Novelty Branch. Mr. Arora hardly took 10 minutes to rectify the problem of my android phone. The ability to provide the resolution quickly exceeded my expectations.

I really commend the prompt service provided by Mr. Arora. There was no request made to leave the device at the showroom, otherwise technicians at the other place find lament excuses to take time in providing the repair services. He also advised me how to keep the bugs away and downloaded the anti virus program on my mobile cell. I am really pleased with the knowledge and skills of your staff. Great service makes your customers feel that you care about developing a long-term relationship that means more than just making a sale.

I would love to recommend your company to anyone who needs a mobile repair service in the future. Keep up the good work.

How to Motivate and Retain Your Clients IDEA Health & Fitness, 2002 *Exceptional Customer Service- Retaining your Customers for Life!* GERARD ASSEY, 2021-04-12 No business today can afford to ignore two very important people 2C's Your Customer and Your Competitor The person in front of you is your Customer and if this person is not treated well then the person behind you Your Competitor is just waiting to grab him as he drops from your list Therefore knowing how to win and retain customers is the single most important business skill that anyone can learn The business world makes way for the person who brings in the business and the money and that's the person who wins and keeps customers In today's service oriented economy excellent service is more than a competitive weapon it's a survival skill but distressingly only a few organizations are really delighting their customers Rest assured that if you don't provide this excellent service someone else would This therefore has to be the key focus of every organization to remind themselves that every single person in the organization from the topmost person right to the lowest in rank can effect or have an impact on customers by the way they treat them and therefore must have the hat of a Customer Service Professional always on Sales and Service are not to be looked at separate functions They are two sides of the same coin both having the same ultimate goal To satisfy the customer In today's world it's even more important where Sales Marketing Service and Operations share a common goal Creating and Retaining Customers And to create and retain customers we have to combine Good Selling with Good Service And remember delivering Exceptional Customer Service that makes a positive lasting impression on customers takes more than courtesy it's much more It starts with understanding that Exceptional Customer Service is from the customer's point of view Many organizations spend a lot of time looking inwards and are organized accordingly The truly customer centered organization takes time to think through the procedures and systems that work best for the customer This puts the customer at the very center of the organization What you do how you do it how well it must be done and proving it can be done again and again are only the fundamentals and this book *Exceptional Customer Service Retaining your Customers for Life* will help you do just that It will help create a memorable experience for every customer by meeting expectations and going beyond satisfying their needs making it easy to do business thereby making everybody win The Customer your Company and the Employees
