

TERM 1 ESSAYS ECONOMICS G12

SOLUTIONS

QUESTION NUMBER 5 (PRELIM AND FINAL EXAM)

MAKE SURE YOU PRACTISE AT LEAST ONE QUESTION EVERYDAY. TIME YOURSELF AS YOU WRITE AND WRITE THESE ESSAYS. AN ESSAY MUST BE WRITTEN IN 30MIN MAX TIME

QUESTION 1: CIRCULAR FLOW MODEL

- Discuss the role of markets in a circular flow model.

(26 marks)

INTRODUCTION

A market is a place where buyers and sellers meet to exchange goods and services at a given price and time. ✓✓

BODY: MAIN PART

PRODUCT / GOODS / OUTPUT MARKETS

- These are the markets for consumer goods and services ✓✓
- Goods are defined as tangible items, like food, clothes, cars, etc. that satisfies some human wants or needs ✓✓
- Buying and selling of goods that are produced in markets e.g. ✓✓
- Capital Goods market for trading of buildings and machinery ✓✓
- Consumer goods market for trading of durable consumer goods, semi-durable consumer goods and non-durable consumer goods. ✓✓
- Services are defined as non-tangible actions and include wholesale and retail, transport and financial markets. ✓

FACTOR / RESOURCE / INPUT MARKETS ✓

- Households sell factors of production on the markets: rent for natural resources, wages for labour interest for capital and profit for entrepreneurship ✓✓
- The factor market includes the labour, property and financial markets. ✓✓
- The market where services of factors of production are traded e.g., labour is hired and capital is borrowed – these services earn wages, interest, rent and profits ✓✓

FINANCIAL MARKETS ✓

- They are not directly involved in the production of goods and services, but act as a link between households, the business sector and other participants with surplus funds ✓✓
- E.g., banks, insurance companies and pension funds ✓

Entrepreneurship, Innovation and Sustainable Growth Nader H. Asgary, Emerson A. Maccari, 2019-10-30 Entrepreneurship and innovation play a vital role in fostering sustainable development Advances in technology and communications have both transformed the process of business as well as strengthened the role of entrepreneurship in developed and developing countries This important book is the first to provide the fundamental concepts and applications for faculty and students in this field and also serves as a professional reference for practicing entrepreneurs and policymakers Each chapter provides a clear guide to the conceptual and practical elements that characterize entrepreneurship and the process of new venture formation including functional strategies in key areas such as marketing information technology human resources management and accounting and finance Questions and exercises are presented throughout in order to encourage discussion and problem solving A quick summary of the important concepts and definitions are also provided Keeping practicality as the book's core aim all chapters include a long case study to set the scene and then draw upon shorter cases from both developing and developed countries to reinforce key learning

objectives and the real world application of the book's core concepts The econocracy Joe Earle, Cahal Moran, Zach Ward-Perkins, 2016-11-03 One hundred years ago the idea of the economy didn't exist. Now improving the economy has come to be seen as perhaps the most important task facing modern societies. Politics and policymaking are conducted in the language of economics and economic logic shapes how political issues are thought about and addressed. The result is that the majority of citizens who cannot speak this language are locked out of politics while political decisions are increasingly devolved to experts. The econocracy explains how economics came to be seen this way and the damaging consequences. It opens up the discipline and demonstrates its inner workings to the wider public so that the task of reclaiming democracy can begin.

Macroeconomics James D Gwartney, Richard Stroup, 2014-05-10 Macroeconomics Private and Public Choice discusses the principle of macroeconomics particularly government expenditure, taxation, public choice theory and labor markets. The book also covers aggregate supply, fiscal policy, inflation, unemployment, traditional Keynesian theory, low productivity, rapid inflation. The text explains international economics and comparative systems such as the export-import link, export taxes and foreign finance. It analyzes the existence of trade barriers as being due to domestic protectionism, policies, special interest, nature of trade restrictions and economic illiteracy. The book examines the economics of government failure, namely the collective decision-making process as being both beneficial and limited, of public sector economic action. Among the reasons cited for government failure are voter ignorance, inefficient public policy, existence of special interests, imprecise knowledge of consumer preferences as well as government shortsightedness. The book also examines why government intervention in some activities can be beneficial, for example weak market competition or monopoly, uninformed consumers and when conditions of external benefits can be achieved. Economists, sociologists, professors in economics or policy makers involved in economic and rural development will find the text valuable.

Le mot et l'idée. Anglais 1 Gosset Claude, 2014-06-19 Le mot et l'idée 1 s'adresse aux élèves des lycées aux étudiants de BTS de classes préparatoires et de tous les secteurs de l'Université ainsi qu'à tous ceux qui pour des raisons professionnelles ou culturelles veulent actualiser leurs connaissances en anglais britannique et américain. Le mot et l'idée 1 propose une révision systématique du vocabulaire de base et une acquisition indispensable de l'anglais parlé et écrit rencontrés dans les médias et dans tous les secteurs professionnels. Les 47 chapitres sont accompagnés chaque page d'un test en 10 points qui permet une relecture rapide du vocabulaire et une consolidation de l'acquis. Les nombreuses variantes entre l'anglais britannique et l'anglais américain sont signalées et permettent ainsi une vision complète de la langue indispensable dans les domaines des médias, de l'Internet et de toutes les activités technologiques, artistiques ou sociales.

A Perilous Progress Michael Alan Bernstein, 2014-08-12 The economics profession in twentieth century America began as a humble quest to understand the wealth of nations It grew into a profession of immense public prestige and now suffers a strangely withered public purpose Michael Bernstein portrays a profession that has ended up repudiating the state that nurtured it ignoring distributive justice and disproportionately privileging private desires in the study of economic life Intellectual introversion has robbed it he contends of the very public influence it coveted and cultivated for so long With wit and irony he examines how a community of experts now identified with uncritical celebration of free market virtues was itself shaped dramatically so by government and collective action In arresting and provocative detail Bernstein describes economists fitful efforts to sway a state apparatus where values and goals could seldom remain separate from means and technique and how their vocation was ultimately humbled by government itself Replete with novel research findings his work also analyzes the historical peculiarities that led the profession to a key role in the contemporary backlash against federal initiatives dating from the 1930s to reform the nation's economic and social life Interestingly enough scholars have largely overlooked the history that has shaped this profession An economist by training Bernstein brings a historian's sensibilities to his narrative utilizing extensive archival research to reveal unspoken presumptions that through the agency of economists themselves have come to mold and define and sometimes actually deform public discourse This book offers important even troubling insights to readers interested in the modern economic and political history of the United States and perplexed by recent trends in public policy debate It also complements a growing literature on the history of the social sciences Sure to have a lasting impact on its field *A Perilous Progress* represents an extraordinary contribution of gritty empirical research and conceptual boldness of grand narrative breadth and profound analytical depth

The Right College, 1991 College Research Group of Concord Massac, 1990-07 The brand new totally updated edition of the college guide covering every aspect of campus life Complete profiles of the more than 1 500 accredited four year colleges and universities in the United States Canada and Mexico cover everything from admissions to prominent graduates to social events
