Community Participation in School Management Kazuro Shibuya, 2022-09-12 Nobody denies that trust in schools is key to success in generating any educational outcomes However trust is often eroded resulting in conflicts alienation and differentiation among school level stakeholders This book analyses school based management SBM of education through the lens of relational trust in the context of Ghana revealing how community participation in school management leads to educational outcomes Conducting quantitative analysis of headteacher questionnaires from public basic schools and qualitative analysis of case study schools in the Akatsi South District of Ghana Shibuya offers critical insights into building sustainable relationships between individual households and geographical school communities He argues it is critical to highlight relational trust as an analytical tool to examine relationships between actors and factors in school management The research finds that trust in schools is a two way mechanism and the mutuality of expectations and obligations among stakeholders is essential if children s learning outcomes are to improve With its mixed methods approach this book will be a valuable resource for scholars in comparative education those in educational development and those interested in African contexts

Daily Graphic Kingsley Inkoom, 2014-09-04

Children, Childhood, and the Future Andrea Kleeberg-Niepage, 2020-01-10 Although most of the world s children live in the Global South much of the corpus of scientific knowledge which forms the basis of the current notion of good childhood worldwide is drawn from research on Western middle class children Even cross cultural research often applies the Western model of childhood as the standard to which others must correspond This volume serves to bridge this gap by both bringing up significant features of the development and socialisation of children in African countries and presenting cross cultural procedures which help to discuss and develop differentiated and joint ideas about childhood instead of implementing one sided standards which are disconnected from most children s lives

UM99 User Modeling Judy Kay, 2014-05-04 User modeling researchers look for

ways of enabling interactive software systems to adapt to their users by constructing maintaining and exploiting user models which are representations of properties of individual users User modeling has been found to enhance the effectiveness and or usability of software systems in a wide variety of situations Techniques for user modeling have been developed and evaluated by researchers in a number of fields including artificial intelligence education psychology linguistics human computer interaction and information science The biennial series of International Conferences on User Modeling provides a forum in which academic and industrial researchers from all of these fields can exchange their complementary insights on user modeling issues The published proceedings of these conferences represent a major source of information about developments in this area

Indigenist African Development and Related Issues Akwasi Asabere-Ameyaw, Jophus Anamuah-Mensah, George Sefa Dei, Kolawole Raheem, 2014-07-11 There is no term so heavily contested in social science literature nomenclature than Development This book brings Indigenous perspectives to African development It is argued that contrary to development as we know it not working a greater part of the problem is that conventional development approaches that work have in fact not truly been followed to the letter and hence the quagmire All this is ironic since everything we do about our world is development So how come there is difficult knowledge when it comes to learning from what we know i e what local peoples do and have done for centuries as a starting point to reconstructing and reframing development In getting our heads around this paradox we are tempted to ask more questions How do we as African scholars and researchers begin to develop home grown solutions to our problems How do we pioneer new analytical systems for understanding our communities and offer a pathway to genuine African development i e Indigenist African development see also Yankah 2004 How do we speak of Indigenist development mindful of global developments and entanglements around us Can we afford to pursue development still mired in a catch up scenario Are we in a race with the development world and where do we see this race ending or where do we define as the finishing line A Publication of the Centre for School and Community Science and Technology Studies SACOST University of Education Winneba Ghana

The Impacts of Language and Literacy Policy on Teaching Practices in Ghana Philomena Osseo-Asare, 2021-03-15 This text critically examines changes in Ghanaian language and literacy policy following independence in 1957 to consider its impacts on early literacy teaching By adopting a postcolonial theoretical perspective the text interrogates the logic behind policy changes which have prioritised English local language or biliteracy It draws on data from interviews with teachers and researcher observation to demonstrate how policies have influenced teaching and learning Dr Osseo Asare s findings inform the development of a conceptual framework which highlights the socio cultural factors that impact the literacy and biliteracy of young children in Ghana offering solutions to help teachers combat the challenges of frequent policy changes This timely monograph will prove to be an essential resource not only for researchers working on education policies teacher education and English language

learning in postcolonial Ghana but also for those looking to identify the thematic and methodological nuances of studying literacy and education in postcolonial contexts House Document, 2014

Socioculturally Responsive Assessment Randy E. Bennett, Linda Darling-Hammond, Aneesha Badrinarayan, 2025-05-01 Socioculturally Responsive Assessment assembles the best available thinking from within and outside the educational measurement community about the theoretical foundations and systems level policy implications of formal assessment programs designed to be socioculturally responsive. Synthesized from culturally responsive assessment design and practices, culturally relevant pedagogy, and funds of knowledge, universal design for learning, the learning sciences, and other literatures, this emerging concept affirms that students' learning and performance is inextricably tied to the social, cultural, and linguistic contexts in which they live and develop knowledge. Across four sections, this book provides an argument and initial evidence for impact on students, users, and assessment quality; offers guidance for implementation; and examines the potential limitations, pitfalls, barriers, and measurement issues that such programs will inevitably raise. Scholars, teaching faculty, test developers, and policymakers will come away with integral foundations, new assessment approaches, and a greater sense of the potential for positive impact that these assessments may afford.

Educationeering Obanya, Pai, 2014-10-20 Educationeering describes the author's areas of professional and academic concern for the past 55 years. Educationeering can be defined as directing the triple academic functions of Research, Teaching, and Responsive Social Engagement towards the education challenges of society. Prof. Obanya is an international Education Strategist, and his original ideas are widely discussed throughout Africa.

Analyse géométrique des données multidimensionnelles Brigitte Le Roux, 2014-01-08 Dans cet ouvrage consacré aux données multidimensionnelles, l'optique adoptée est celle de l'approche française d'analyse des données avec ses caractéristiques géométrique formelle et statistique. L'exposé est ici progressif et présente les méthodes classiques : régression, classification, analyse en composantes principales, analyse des correspondances simples et multiples. Les méthodes sont illustrées par des exercices basés sur des données réelles accompagnées de solutions et de commentaires, et par des analyses de données de grande nature, en particulier celles concernant la dernière recherche empirique de Pierre Bourdieu. Un véritable outil pédagogique. Ce livre permet au lecteur de se confronter aux données, les analyser en passant par la mise en œuvre informatique.
