DeVries, 1998-03-01 Barend A de Vries a distinguished international economist examines the economic roots of poverty the actions that can be taken to eradicate it and the ethical case for integrating the poor into the mainstream of society De Vries applies Judeo Christian ethics in

particular the values of social justice and compassion for the poor to the problem of poverty in both the United States and in developing countries Bringing together the insights of economists and ethicists he considers both the economic feasibility of religious views regarding the eradication of poverty and the ethical aspects of economic programs He analyzes the poverty of women resulting from discrimination the impact of environmental degradation on the poor the allocation of funding to military rather than social programs and the implications of the enormous debts incurred by poor countries In addressing these conditions he demonstrates the pressing need for action on both economic and ethical grounds *Champions of the Poor* offers an unbiased presentation of the ethical positions taken by Jews Catholics mainline Protestants and Evangelicals and stresses the need for all social sectors religious and secular business labor and government to work together to eradicate poverty By reassessing poverty from these seemingly disparate approaches it seeks to bring us closer to solving this age old problem

**New Directions in Development Economics** Mats Lundahl, Benno Ndulu, 2005-08-10 *New Directions in Development Economics* is divided into two parts The first half considers the dilemma of growth with special reference to its environmental cost The second half focuses on the role of the state in the context of the growing dominance of the free market argument The contributors include Paul Collier Partha Dasgupta Ronald Findlay and Deepak Lal Rev Iheanyi Hycenth Iruoma, 2010-08 He that kills a lion shall eat the honey from the carcass No honey without a lion He that kills a lion shall eat with kings in their palace The honey of every man is in his hands which only will come when he kills a lion Honey without a lion labor has no testimony Honey gotten from killing a lion satisfies gladdens attracts God's blessings and fattens human's souls

Moving from the Millennium to the Sustainable Development Goals Sefa Awaworyi Churchill, 2020-04-25 This book presents a collection of chapters that examine various dimensions of development Between 2000 and 2015 the Millennium Development Goals MDGs remained the overarching development framework that governed the international development community After a decade and half of commitment to the MDGs the framework is widely considered a success although progress reported across countries has been uneven The new overarching international development framework may not be successful or present the best opportunities for the desired global change without a better understanding of factors that contributed the most or the least to the attainment of the MDGs The chapters presented in this book provide discussions and insights into understanding these factors better They represent a collection of scholarship that address some of the important questions in international development They adopt a wide range of research methods to provide insight into what works and what does not in promoting the stipulated development goals

A Different Way of Being David Kirwa Tarus, 2019-02-28 If my people who are called by my name will humble themselves and pray and seek my face and turn from their wicked ways then I will hear from heaven and I will forgive their sin and will heal their land 2 Chronicles 7:14 Kenya is a diverse nation with many ethnic communities and cultural traditions However this diversity has led to deep divisions over the years resulting in entrenched ethno-political tension and conflict In this book Dr David Kirwa Tarus advocates for a

Christian theological response to the nation's divisions by presenting various theological perspectives on anthropology, society and politics including those of John Calvin and John Mbiti as well as other prominent Kenyan theologians. This work traces the history of ethno-political conflict in Kenya and the church's response from 1895 to 2013 and thoroughly examines how a reformed theology can provide a pathway to social cohesion in Kenya. David Tarus humbly yet boldly challenges Kenyans to pursue national unity and peace by interrogating their allegiances to their ethnic communities and political parties. This book carefully argues why it is only a Christian identity commitment to humanity as bearing the divine image and the triune God himself that can heal the divisions in this land and in turn bring an end to other social evils such as corruption, intolerance and violence. Ethno-political conflict is not confined to one nation and this study will bear much fruit in other contexts where people yearn for social cohesion.

Nordic Folk Churches Ryman, 2005-08-30 Four Nordic scholars provide historical context for contemporary developments in the folk churches of Denmark, Finland, Norway and Sweden respectively, devoting a chapter to each. Other chapters address major issues of concern both shared by and unique to their churches. Particularly fascinating are these churches' differing roles on the political stage during World War II and the Cold War, their adaptation to the modern welfare state, their handling of theological controversies such as the ordination of women and same-sex unions, and their crucial contributions to the ecumenical movement.

**na**, *Introduction to Holy See* Gilad James, PhD, The Holy See, also known as the Vatican City, is a sovereign state located in the heart of Rome, Italy. It is the spiritual and administrative center of the Catholic Church, with the Bishop of Rome, commonly known as the Pope, serving as the head of the church. The Vatican City spreads over an area of 44 hectares and has a population of around 800 residents, mostly consisting of Catholic clergy and Italian officials. The Holy See is governed by the Pope, who is both the head of state and the head of government. The Pope exercises his authority through various offices, including the Secretariat of State, the Congregation for the Doctrine of the Faith, and the Pontifical Council for Culture. The Vatican City is also the site of many historical and cultural treasures, such as the Sistine Chapel, St. Peter's Basilica, and the Vatican Museums. It is a significant religious and cultural center, attracting millions of visitors and pilgrims every year.

Nonprofit Organizations Helmut K. Anheier, 2014-04-16 In this new edition of his popular textbook *Nonprofit Organizations: Theory, Management, Policy*, Helmut K. Anheier has fully updated, revised, and expanded his comprehensive introduction to this field. The text takes on an international and comparative dimensions perspective, detailing the background and concepts behind these organizations and examining relevant theories and central issues. Anheier covers the full range of nonprofit organizations: service providers, membership organizations, foundations, community groups in different fields such as arts and culture, social services, and education. He introduces central terms such as philanthropy, charity, community, social entrepreneurship, social investment, public good, and civil society, whilst explaining how the field spills over from public management through nonprofit management and public administration. The previous edition won the Best Book Award at the American Academy of

**Global Common Good** Michael Reder,2015-04-02 Global problems such as poverty climate change and economic crises constitute challenges that the global community can only face collectively It therefore seems indispensable to engage in an intercultural dialogue on alternative approaches to development that are ethically justifiable politically acceptable and ecologically sustainable For this reason the Institute for Social and Development Studies at the Munich School of Philosophy in cooperation with MISEREOR the German Catholic Bishops Organization for Development Cooperation invited academics from different continents to engage in such an intercultural dialogue Under the notion of the global common good the contributors investigate normative ideals analyze obstacles that prevent their realization and

indicate paths for transformation      **Corporate Social Responsibility and Corporate Change** Arnaud Sales, 2019-05-10

This wide ranging book examines the new dynamics of corporate social responsibility CSR and the impact they have had on the transformation of business corporations. Written by an international group of distinguished experts in management and organization studies, economics and sociology, the book leads one to theoretically and practically rethink CSR, a movement that has developed into a strong and rich institutional domain since the mid 1990s. Through 14 chapters, the book shows the complexity, diversity and progression of the institutional work performed by a large number of individual and organizational actors in specialized networks to develop this strategic field. Central to this book are the core issues associated with the field of CSR: recent advances in the development, dissemination and implementation of public and private standards of social responsibility; the pressing challenges of developing sustainable strategies of value creation in the face of global warming and underdevelopment; and finally, examples of how CSR has been implemented and institutionalized within business organizations, with special attention to the role played by a variety of social actors in organizational change. Conceived as a movement, corporate social responsibility spearheads a transformation project challenging traditional and outmoded forms of corporate governance that frequently pose troublesome ethical issues. From this standpoint, *Corporate Social Responsibility and Corporate Change* will serve as a reference point for academics, researchers, managers and practitioners.
