

Sample Essay on Challenges Facing Irish Tourism

There are several challenges facing Irish tourism. Tourism is among the biggest economic contributors to the Irish republic. In 2011, Ireland received more than 6.2 million visitors. Most visitors in this country come from France, Germany, United States and the United Kingdom. Nevertheless, despite receiving a high number of tourists Ireland tourism industry has its challenges as well.

Persistence of difficult economic situations is among the challenges that have been affecting tourism in Ireland recently. Global recession that affected almost every nation had impact on Irish tourism as well. Tourism and travel industry of Ireland faced challenges as a result of the recession from international and domestic fronts.

Over the recent past, Irish tourism has experienced a reduction in the consumer demand as well as restricted spending among the tourists. This has affected the tourism industry negatively especially retail and travel accommodation areas. Both outgoing and incoming tourism suffered more losses especially from 2012.

Retention of the reduced rate of VAT is now welcome and it has helped in improving the situation. Before June 2012, the VAT rate was at 13.5 percent which had a negative effect on the tourism industry especially the hotel operators. High VAT rate made the operating cost high for the hotel operators. This made potential investors run away from the tourism industry making its expansion or growth slow.
