Imagine yourself right before a track race. You are suited up in your uniform. You have already warmed up, so your muscles are pumping and ready for action. You look around you and see three people on each side; you are in the middle lane of the track. The cleats on your feet are clinging to the track, sure to give you good footing. As you close your eyes, you visualize yourself running down the track, making each step as long as possible, drawing long, clear, deep breaths into your lungs to power your body. Soon, you hear them give the command, "Runners, on your marks!" You carefully place your toe at the front of your lane and crouch down for the race. You can hear your heart pounding with anticipation, your muscles twitching, and your hands nervous. Then, the next command, "Get Set." Waiting, waiting, waiting. Finally you hear it -(slam a book on the table)  
The race begins with the crack of the cap gun."
