Newspaper Reporting and Correspondence Grant Milnor Hyde,1924

Newspaper Reporting and Correspondence Grant Milnor Hyde,2015-08-05 Excerpt from Newspaper Reporting and Correspondence A Manual for Reporters Correspondents and Students of Newspaper Writing The purpose of this book is to instruct the prospective newspaper reporter in the way to

write those stories which his future paper will call upon him to write and to help the young cub reporter and the struggling correspondent past the perils of the copy reader's pencil by telling them how to write clean copy that requires a minimum of editing. It is not concerned with the why of the newspaper business the editor may attend to that but with the how of the reporter's work. And an ability to write is believed to be the reporter's chief asset. There is no space in this book to dilate upon newspaper organization, the work of the business office, the writing of advertisements, the principles of editorial writing or the how and why of newspaper policy and practice as it is. These things do not concern the reporter during the first few months of his work and he will learn them from experience when he needs them. Until then his usefulness depends solely upon his ability to get news and to write it.
