This book takes a post racial approach to the representation of race in contemporary British fiction re imagining studies of race and British literature away from concerns with specific racial groups towards a more sophisticated analysis of the contribution of a broad post racial British writing Examining the work of writers from a wide range of diverse racial backgrounds the book illustrates how contemporary British fiction rather than merely reflecting social norms is making a radical contribution towards the possible future of a positively multi ethnic and post racial Britain This is developed by a strategic use of the realist form which becomes a utopian device as it provides readers with a reality beyond current circumstances yet one which is rooted within an identifiable world Speaking to the specific contexts of British cultural politics and directly connecting with contemporary debates surrounding race and identity in Britain the author engages with a wide range of both mainstream and neglected authors including Ian McEwan Zadie Smith Julian Barnes John Lanchester Alan Hollinghurst Martin Amis Jon McGregor Andrea Levy Bernardine Evaristo Hanif Kureishi Kazuo Ishiguro Hari Kunzru Nadeem Aslam Meera Syal Jackie Kay Maggie Gee and Neil Gaiman This cutting edge volume explores how contemporary fiction is at the centre of re thinking how we engage with the question of race in twenty first century Britain *Books Out Loud*, 2007

*The Victorian City* Harold James Dyos, Michael Wolff, 1999 Victorian City is a study of the social and intellectual attitudes of Victorian society to the challenge of urbanization

*The Inter-Galactic Playground* Farah Mendlesohn, 2009-07-15 Science fiction is often considered the genre of ideas and imagination which would seem to make it ideal for juveniles and young adults however the ideas are often dispensed by adults This book considers the development of science fiction for children and teens between 1950 and 2010 exploring why it differs from science fiction aimed at adults In a broader sense this critical examination of 400 texts sheds light on changing attitudes toward children and teenagers toward science education and toward the authors expectations and sociological views of their audience

**The Mysterious Henry - Another Life Story of Henry 'Chips' Channon** Carlee Orman, Born in Chicago in erstwhile London Chips Channon was the quintessential party man who moved in vertiginously high social circles partying and hobnobbing with leaders politicians actors socialites etc Chips uneventful yet colorful life would have remained buried under the sands of time but for the slanderous diaries that run into 30 volumes of 3 million words Chips diaries are replete with the juicy gossips of the private life of top notch elites of the society that ruled the roost during the pre war era Despite being a livid and candid account of sexual indulgences of the most famous people of the time Chips diaries also open a window to London in all its opulence grandiose and glamor His unabashed love and proclivity for beauty and glamor unrestricted fixation with lust effortless and non judgmental dissection of human flaws and foibles is enthralling and appalling in equal measure The censored version of the caustic diaries first published in 1967 sent the world in a tizzy and now it is soon going to be published in all its pomp and glory One cannot imagine what unfurls when the unredacted version is made available to the public The fact that the author put an embargo on its publication until 50 years of his death itself suggests his reservations regarding the diaries and

its blazing contents In spite of its libelous nature one cannot but feel enamored by the author and his blatant openness in exposing the most intimate details of his own and the lives of people dear to him From Fuhrer to Winston Churchill Chips diaries open a can of worms when he unapologetically bears his political stands with impunity His anti American sentiments are strong and have no qualms in calling the American civilization a menace to world peace From harmless dalliances with fledgling actresses to reckless debauchery with umpteen married women of power and position the diaries abound in promiscuity and are indeed salivating to the masses given that the people in his social orbit are the ones constantly feted by the media and the paparazzi alike The 30 diaries are tintured with accounts of homosexual courtship with several known names including one with a Catholic priest Chips brazenly describes it with at most honest his chutzpah is laudable Chips had no compunction in calling Churchill the most dangerous man in Europe while also openly admiring Hitler Overall Chips Channon s diaries are a bear it all The not so successful social climber the candid and extraordinarily honest diarist the modestly successful author the promiscuous Chips Channon died on the 7th of October 1958 he was 61 years old
